甲号

古谷總領事ヨリカナダ首相代理及司法大臣ニ提出セル覚書写

In 1902 two Orders in Council were passed in the Province of British Columbia, based upon the following resolution which was passed on the 15th of April of the same year by the Legislative Assembly of the Province, viz.,

> "That in all contracts, leases and concessions of whatsoever kind entered into, issued or made by the Government, or on behalf of the Government, provision be made that no Chinese or Japanese shall be employed in connection therewith."

The text of the Orders in Council above referred to are appended herewith.

From the records of the Consulate-General of Japan in Ottawa, it appears that this resolution was protested against by the then Acting Consul of Japan in Vancouver. It seems that in some respects these orders in

council were not rigidly enforced, and the matter was allowed to be dormant, for the time being.

In the latter part of 1912, the British Columbian Government began to enforce the restrictions in respect of timber licenses. Japanese interests were thereby affected, and the matter was taken up by the Japanese Consul at Vancouver with the Government of British Columbia. After series of exchange of views, Sir Richard McBride wrote to the Japanese Consul in Vancouver, under date of December 9th, 1914, as follows:

> "The resolution of the House to which you refer is not in any way binding, from a legal point of view, but was a direction by which, of course, the Government felt bound to be guided.
>
> "The restriction to which your Government has taken exception is more of the nature of a Departmental regulation, and can be rescinded without reference to the Legislature being necessary."

The above letter was marked "Private and Confidential", and was in reply to a request of the Japanese Consul, with a view to the abolition of the resolution in question.

The Japanese Consul in Vancouver was also told by Sir Richard McBride on 13th January, 1915, that he had determined to strike off all the objectionable clauses from the licenses, but that the resolution of the Assembly might rest as it was, because it would not affect the solution of the question, and as he desired not to attract too much public attention to this matter.

When he was questioned by the Japanese Consul in Vancouver whether he had taken steps to remove the restriction from the licenses, Sir Richard explained the difficulty of collecting so many licenses already issued, for the purpose of striking off the objectionable clause, but that he had already instructed the Minister of Lands to give instructions to his subordinates not to enforce this prohibitive clause. This verbal intimation was confirmed by Sir Richard's letter dated February 1st, 1915, addressed to the Japanese Consul in Vancouver.

Matters were allowed to remain in this state, as the objectionable clause was not, as a matter of fact, enforced, and the Japanese were not harmed thereby.

On February 5th, 1918, Mr. Ukita, Japanese Consul in Vancouver, acting under the instructions of the Japanese Government, approached the Premier of British Columbia again, with a view to abolishing the resolution in question, and any other Act aiming at the discrimination against Japanese.

In his letter dated March 20th, 1918, Mr. Ukita after describing his conversation with the Honourable the Attorney-General of British Columbia, in which the Attorney-General told Mr. Ukita that the said resolution, not being an Act of the Legislature, was not binding, asked the Premier of the same Province if he was right in regarding the resolution in question

as rescinded.

Mr. John Oliver replied to him, under date of 3rd April, 1918, as follows:

"Referring to the matter of the resolution of 1902, and your conversation with the Honourable the Attorney-General in respect thereto, I would state that a resolution passed by a previous Legislature is not binding on the Government at the present time.

"Especially is this true in so far as the resolution is contrary to a Treaty subsequently ratified between Japan and Great Britain. This Government recognizes the binding effect of the Treaty, and its obligation to conform thereto."

Mr. Ukita wrote to Mr. Oliver, under date of 12th April, 1918:

".....As regards the matter of the resolution of 1902 my Government, as stated in my previous notes, wish to see its total abolition, or

in any account, non-effective in future. In your letter, although I know your sincerity, it is not exactly up to the point my Government desire at, since it may be inferred that any Government might at its pleasure, enforce the resolution so long as it exists in its present form.

"Lacking further instructions from my Government, I beg, without committing my Government, to express to you my personal gratification for your enlightened policy towards decisive improvement, firmly believing that the said resolution will not be enforced by any Government in future.

"I note with pleasure your declaration recognizing the binding force of the Treaty and its obligation to conform thereto. It is my sincere wish that no unpleasant question which is likely to estrange our harmony will never be raised, and hope that the bond of friendship between us will further be cemented by mutual goodwill and understanding."

Recently the Chief Forester of British Columbia, through the District Foresters, warned some of the timber licensees not to employ Orientals from the 1st of May next. Many hundred Japanese workmen are employed in the industry, and tens of thousands of dollars of Japanese capital are invested in it, and such a step on the part of the British Columbian Government as above stated, will result in most serious hardship.

Mr. Ukita, the Japanese Consul at Vancouver, had an interview with the Premier of British Columbia, pointing out that this prohibition of employment of Japanese was a discriminating action on the part of the Government, and in violation of the spirit of the Treaty between Canada and Japan, referring to the statement of Mr. Oliver in his letter of April the 3rd, 1918, to the effect that the resolution of 1902 was not binding upon his Government, and he was ever ready to respect the Treaty obligations.

To the above representation Mr. Oliver replied that the matter was considered in Cabinet Council of British Columbia. He did not know, when he wrote the last letter, that there were two Orders in Council issued, based on the above resolutions. He gave Mr. Ukita certified copies of those Orders in Council, and suggested to him that he take up the matter with the Dominion Government, through the Japanese Consul-General in Ottawa.

He also told Mr. Ukita that as soon as he received advice from the Dominion Government he would act accordingly.

The Consul-General of Japan in Ottawa is of opinion that to have this kind of restriction imposed by the Governmental authorities themselves in respect to callings in which anybody may be able to engage, and where immigrants from Germany, Austria, Russia, Italy, etc., are actually engaged, is not only a most

undesirable and unfriendly discrimination, but also it certainly is in violation of the spirit of the Treaty now existing between Canada and Japan, in which it is expressly stipulated that the subjects of the high contracting parties

> "shall, in all that relates to the pursuit of their industries, callings, professions and educational studies, be placed in all respects on the same footing as the subjects or citizens of the most favoured nation".

As this question is one involving the Treaty, and also as it is a question concerning aliens, over which the Dominion Government has exclusive jurisdiction, and as the Consul-General of Japan in Ottawa is informed that the British Columbian Government is disposed to solve this question favourably to the Japanese subjects, if only they are advised so to do by the Dominion Government, he earnestly requests the Dominion Government of Canada to take the matter into their hands,

and take proper steps so that the Government of British Columbia may take immediate steps in order not to cause damage to the interests of the Japanese subjects in that Province.

The Consul-General of Japan in Ottawa begs to add that as the British Columbian Government proposed to enforce the restriction from the 1st of May next, prompt action is urgently requested. He further wishes to add that he desires that the Dominion Government will take up not only the question of timber licenses, but also the whole question of the two Orders in Council in question.

April , 1920.

The following is the full text of the letter dated April 8th, 1920, received by the Japanese Consul in Vancouver from Premier Oliver of the Province of British Columbia. Whether this letter was marked 'Confidential' or not is not known at the Japanese Consulate-General in Ottawa. It is now being ascertained by telegram, but the Consul-General of Japan imagines that nothing was marked on this letter, as otherwise he would have been informed thereof:

"Replying to your memo. of this date, I wish to say that when I wrote you on April 3rd, 1918, I was not aware of the existence of Orders in Council, copies of which are herewith transmitted for your information. These Orders in Council, having been passed, and apparently passed upon the advice of the Law Officers of the Crown, that the same were within the constitutional rights of the Government of the Province." (This does not seem to make a sentence, but is quoted as it was decoded.) "When I took up with the Honourable the Minister of Lands, the restrictions contained in timber licenses against the employment of Chinese and Japanese, the Honourable Minister, after searching the records," (here it cannot be clearly decoded,) "attention to these Orders in Council. You will please note the date when these Orders in Council were passed, both being in the early portion of 1902, and apparently these Orders in Council have been effective up to the present time. I note that in your memo. of this date

you claim that the prohibition of the employment of Japanese is" (here it cannot be clearly decoded.) "of the Anglo-Japanese Commercial Treaty. I am rather inclined to think that these Orders in Council were in effect before the ratification of the Treaty referred to, and there may be some difference of opinion as to whether the Treaty rights are affected by the provisions of these Orders in Council. I have not a copy of the Treaty before me at this writing, and naturally I would have some hesitation in passing an opinion as to whether these Orders in Council did or did not infringe upon the Treaty rights. I therefore suggest, that as the Government of the Dominion of Canada was one of the contracting parties in so far as the application of the Treaty was concerned, that the Japanese Government should look to the Dominion of Canada for the observance of Treaty rights. I suggest that you should place all the facts before His Excellency the Governor-General in Council and that His Excellency the Governor-General in Council should advise the Government of the Province of British Columbia to what extent, if any, the Orders in Council referred to," (here it cannot be clearly decoded) "the rights which that" (sic) "Japanese Government have under the provisions of the Treaty."

Strictly Confidential.

In the interview which the Japanese Consul in Vancouver had with the Premier of British Columbia on April 7th, that is to say, the day before the above letter was written, the Premier of British Columbia frankly told him that the matter was discussed twice in his Cabinet, and that although he would not put this text in writing, he wished that the Japanese Consul would communicate the matter to the Dominion Government and the Dominion Government would communicate with the Provincial Government to the effect that these Orders in Council are in violation of the Treaty, and asked the Japanese Consul to consider this conversation as confidential.

The Japanese Consul pointed out the shortness of time before the proposed enforcement of the restriction, to which the Premier replied that as copies of these Orders in Council would be sent to the Consul at once he suggested to him to telegraph them to the Consul-General of Japan in Ottawa, and that the notification of the Dominion Government to the Provincial Government to the effect that this is in contravention of the Treaty could also be made by telegraph. The Japanese Consul, to make it sure, asked the Premier if the British Columbian Government would rescind the restriction as soon as they got communication from the Dominion Government as to the violation of the Treaty, and the Premier replied that they would surely do so.

The Rt. Honourable Sir George Foster,

The Rt. Honourable C.J. Doherty,
Minister of Justice.
Ottawa.

Sir:

I beg to thank you for the (interview) / (interviews) which you gave me (yesterday). / (yesterday and the day before yesterday).

I have received from the Japanese Consul in Vancouver by post, a copy of the letter written to him by the Honourable the Premier of British Columbia. I have now the honour to enclose herewith a copy thereof.

This will elucidate ambiguous parts which existed in the copy of the same letter which I left with you yesterday.

I have the honour to be,

Sir,

Your obedient servant,

(Signed) S. Furuya.

Consul-General.

(別紙)

Hon. S. Ukita,

Japanese Consul,

Vancouver, B.C.

Dear Sir:

Replying to your memo. of this date, I wish to say that when I wrote you on April 3rd, 1918, I was not aware of the existence of Orders in Council, copies of which are herewith transmitted for your information. These Orders in Council, having been passed, and apparently passed upon the advice of the law officers of the Crown, that the same were within the constitutional rights of the Government of the Province.

When I took up with the Honourable the Minister of Lands, the restriction contained in Timber licenses against the employment of Chinese and Japanese, the Honourable Minister, after searching the records, directed my attention to these Orders in Council. You will please note the date when these Orders in Council were passed, both being in the early portion of 1902 and apparently these Orders in Council have been effective up to the present time.

I note that in your memo. of this date, you claim that the prohibition of the employment of Japanese is a controversion of the Anglo-Japanese Commerical Treaty. I am rather inclined to think that these Orders in Council were in effect before the ratification of the Treaty referred to, and there may be some difference of opinion as to whether Treaty rights are affected by the provisions of these Orders in Council. I have not a copy of the Treaty before me at this writing, and naturally I would have some hesitation in passing an opinion as to whether these Orders in Council, did or did not infringe upon the Treaty right. I therefore suggest, that as the Government of the Dominion of Canada was one of the contracting parties in so far as the appplication of this Treaty to Canada was concerned, that the Japanese Government should look to the Government of Canada for the observance of Treaty rights. I suggest that you should place all the facts before His Excellency the Governor General in Council and that His Excellency the Governor-General in Council should advise the Government of the Province of British Columbia to what extent, if any, the Orders in Council referred to, transgress the rights which the Japanese Government have under the provisions of the Treaty.

I beg to remain,

Yours truly,

(Signed) John Oliver,

Premier.

B·C·州官林伐採ニ日本人使用禁止ニ関スル件

April 21st, 1920.

Sir :—

I have the honour to state that the attention of this Government has been drawn, by the Imperial Consul-General of Japan here, to two Orders-in-Council passed by the Government of the Province of British Columbia in 1902 to which he takes exception, contending that they are in violation of the Treaty of 1913 between His Majesty the King and His Majesty the Emperor of Japan which is scheduled to the Act of the Parliament of Canada, 3-4 George V, especially Clause 3 of Article 1 which provides that the subjects of each of the high contracting parties "in all that relates to the

pursuit of their industries, callings, professions and educational studies be placed, in all respects, on the same footing as the subjects or citizens of the most favoured nation."

The Order in Council of the 15th of April, 1902 recites the following resolution passed by the Legislative Assembly of the Province:

"That in all contracts, leases and concessions of whatsoever kind entered into, issued or made by the Government, or on behalf of the Government, provison be made that no Chinese or Japanese shall be employed in connection therewith."

and the Order then directs that all tunnel and drain licenses issued by virtue of the powers conferred by section 58 of the "Mineral Act" and section 48 of the "Placer Mining Act" and all leases granted under the provisions of Part VII of the "Placer Mining Act" shall contain the following proviso:

"Provided always that these presents are on

the express condition that no Chinese or Japanese shall be employed in or about the said (tunnel drain or demised premises as the case may be)."

and the other Order dated the 18th day of June, 1902, also recites the above resolution and then states that the Deputy Attorney General advised that this resolution was applicable to:

(a) Miscellaneous leases under subsections 1,2 and 3 of section 41 of the Land Act.

(b) Leases of small holding under subsection 4 of section 41 of the Land Act.

(c) Wood Pulp leases under subsection 5 of section 41 of the Land Act.

(e) Leases for the purpose of stripping hemlock trees of bark under section 43 of the Land Act.

(f) Special timber licenses granted under section 50 of the Land Act.

(i) Coal mining leases under the "Coal Mines Act."

(k) Certificates of approval issued to power companies under part IV of the "Water Clauses Consolidation Act."

(n) Public Works contracts the terms of which are not prescribed by statute.

(4) Tunnel and drain licenses under section 58 of the "Mineral Act."

(5) Tunnel and drain licenses under section 48 of the "Placer Mining Act."

(7) Leases under sections 90 to 103 of the "Placer Mining Act",

and the Order proceeds to direct that a clause embodying the provisions of the resolution be inserted in all contracts issued by officers of the Government for the various purposes above quoted.

Section 132 of the British North America Act, 1867, provides:

"The Parliament and Government of Canada shall have all powers necessary or proper for performing the obligations of Canada or of any province thereof as Part of the British Empire towards foreign countries arising under treaties between the Empire and such foreign countries."

Among other papers submitted to me by the Japanese Consul here is a copy of a letter dated the 8th instant from you to the Japanese Consul at Vancouver replying to a memorandum of the Consul upon the subject of the restrictions referred to in which letter is contained the following suggestion:

"I suggest that you should place all the facts before His Excellency the Governor-General in Council and that His Excellency the Governor-General in Council should advise the Government of the Province of British Columbia to what extent, if any, the Orders-in-Council referred to, transgress the rights which the Japanese Government have under the provisions of the Treaty."

As the question involved is a constitutional one,

the matter has been intrusted to me for an expression of my opinion, and I now beg to advise you that in my judgment the said Orders-in-Council, in so far as they direct that a provision that no Japanese be employed be inserted in all contracts, leases, licenses and in the other instruments specified in the said Orders, entered into, issued or made by the Government are in contravention of the said Treaty and especially Clause 3 of Article 1 above quoted. In this connection permit me to call your attention to In Re Nakane 15 B.C. Rep. 370.

I have the honour to be,

Sir,

Your obedient servant,

PRIME MINISTER

The Honorable S. Ukita,

Japanese Consul,

My Dear Consul:

Your letters of yesterday were placed before the Executive Council for consideration, and I was instructed to advise you that this Executive is awaiting communication from the Honourable the Secretary of State at Ottawa, in reply to representations made by His Imperial Japanese Majesty's Consul at Ottawa, and prefers to take no action until receipt of instructions from His Excellency the Governor-General in Council.

I am,

Yours very truly,

Hon. John Oliver,

The Prime Minister,

Victoria, B.C.

Dear, Sir: —

Regarding the question of restricting Japanese from certain works in this Province, I, following your confidential advice of the 7th instant and your suggestions contained in your letter of the 8th instant, placed all the facts by wire to Hon. S. Furuya, Consul General at Ottawa, requesting him to take the matter up with the Dominion Government.

Information reaching me from Ottawa show that the Dominion Government hold the view that the Orders in Council, 1902 in question are in controversion with the existing Treaty between Canada and Japan. I am further informed that representations were made from Ottawa to your Government.

Believing that your Government is already in receipt of an advice by this time, and thinking that His Honour the Lieutenant Governor in Council is the proper person to address to, in this case, I am writing him a letter, outlining the history of this long pending question, asking him to take necessary steps immediately to remove the Orders in Council passed on the resolution of 1902, and I hope you will kindly use your efforts toward that end.

Such being the case, am I right to presume in the meantime that the Japanese now engaging in logging may continue their work without hindrance?

Awaiting your favourable reply,

I beg to remain,

Yours truly,

Consul for Japan.

April 28th, 1920.

His Honour

The Lieutenant Governor in Council,

Victoria, B.C.

Sir: —

In April, 1902, the following Resolution was passed by the Legislative Assembly of the Province of British Columbia: —

"That in all contracts, leases and concessions of whatsoever kind entered into, issued or made by the Government, or on behalf of the Government, provision be made that no Chinese or Japanese shall be employed in connection therewith."

From the records of this Consulate, it appears that

this resolution was protested against by the then Acting Consul. It seems, however, that the resolution was not rigidly enforced, and the matter was allowed to be dormant for the time being.

In the latter part of 1912, the British Columbian Government began to enforce the restrictions in respect of timber licenses, and it has been the practice of the Forest Branch of the Department of Lands, in issuing timber licenses, to place thereon a memorandum to the following effect:

> "N.B. This license is issued and accepted on the understanding that no Chinese or Japanese shall be employed in connection therewith."

Japanese interests were thereby affected, and the matter was taken up successively by my predecessors with the Government of British Columbia. After series of exchange of views, Sir Richard McBride, the then Prime Minister, wrote to Mr. K. Abe, my immediate predecessor, under date of December 9th, 1914, in reply to a request of the latter with a view to the abolition of the resolution in question, as follows:

> "The resolution of the House to which you refer is not in any way binding, from a legal point of view, but was a direction by which, of course, the Government felt bound to be guided. "The restriction to which your Government has taken exception is more of the nature of a departmental regulation, and can be rescinded without reference to the Legislature being necessary."

Further representations having been made by Mr. Abe, Sir Richard instructed the Minister of Lands to give instructions to the Chief Forester not to enforce this prohibitive clause.

Matters were allowed to remain in this state, as the objectionable clause was not, as a matter of fact, enforced, and the Japanese were not harmed thereby.

On February 5th, 1918, I, acting under the instructions of my Government, approached the Hon. the Premier again, with a view of having such resolution and any other act aiming at the discrimination against Japanese removed.

Under date of the 20th March, 1918, I addressed a letter to the Hon. the Premier, wherein after describing my conversation with the Hon. the Attorney-General who told me that the said resolution, not being an Act of the Legislature, was not binding, asking him if I was right in regarding the resolution in question as rescinded.

Mr. Oliver replied to me, under date of the 3rd April, 1918, as follows:

"Referring to the matter of the resolution of 1902, and your conversation with the Honourable the Attorney-General in respect thereto, I would state that a resolution passed by a previous Legislature is not binding on the Government at the present time.

"Especially is this true in so far as the resolution is contrary to a Treaty subsequently ratified between Japan and Great Britain. This Government recognizes the binding effect of the Treaty, and its obligation to conform thereto."

Under date of the 12th April, 1918, I wrote to Mr. Oliver as follows, while on the other hand, reporting to my Government that although the negotiation has not been very satisfactory they may rest assured, so far as the resolution in question is concerned, as the Ministers of British Columbia Government are the men of fair play and justice that they will respect Treaty stipulations:

"..... As regards the matter of the resolution of 1902 my Government, as stated in my previous notes, wish to see its total abolition, or in any account, non-effective in future. In your letter, although I know your sincerity, it is not exactly up to the point my Government desired at, since it may be inferred that any Government might at its pleasure, enforce the resolution so long as it exists in its present form.

"Lacking further instructions from my Government, I beg, without committing my Government, to express to you my personal gratification for your enlightened policy towards decisive improvement, firmly believing that the said resolution will not be enforced by any Government in future.

"I note with pleasure your declaration recognizing the binding force of the Treaty and its obligation to conform thereto. It is my sincere wish that no unpleasant question which is likely to estrange our harmony will never be raised, and hope that the bond of friendship between us will further be cemented by mutual goodwill and understanding."

It was a great surprise to me, therefore, that I first received news about a month ago to the effect that the District Forester in Vancouver warned some of the timber licensees not to employ Orientals from the 1st of May.

Hundreds of Japanese are employed in the industry

and a large sum of money is invested in it, and the measure, if enforced, will result in most serious hardship.

I sought an interview with the Premier on the 7th instant, and pointed out that the prohibition of employment of Japanese was a discriminating action on the part of the Government, and was violation of the spirit of the Treaty between Great Britain and Japan, and called his attention to his letter of April 3rd 1918, above mentioned.

To my representation Mr. Oliver replied that he did not know, when he wrote the last letter, that there were two Orders in Council issued to implement the above resolution, and sent me certified copies of those Orders in Council. He suggested to me, that as the Government of the Dominion of Canada was one of the contracting parties in so far as the application of this Treaty to Canada was concerned, that the Japanese Government should look to the Government of Canada for the observance of Treaty rights. He further suggested that I should place all the facts before the Dominion Government and that the latter should advise the Government of the Province of British Columbia on the matter.

In this respect, I may mention, by the way, that my Government hold the view that not only the Dominion Government which is the direct contracting party of the Treaty but also the Provincial Government which is a part of the Dominion, should conform thereto and expect, should any exist amongst the Acts of Legislature or Orders in Council, in controversion with the Treaty stipulations, it should be rectified of its own accord.

Well knowing, however, Mr. Oliver's sincere intention and goodwill, I, following his suggestions, placed all the facts before my Consul General at Ottawa requesting him to take the matter up with the Dominion Government.

Information reaching me from Ottawa indicates that the Dominion Government concurs in the view that the Orders in Council based on the resolution of 1902, are in controversion of the Anglo-Japanese Treaty, to which Canada is a party. I am further informed that representations were made to the Government of British Columbia.

Believing that your Government is already in receipt of an advice by this time, I have the honour to request your honour to take necessary steps immediately to repeal objectionable Orders in Council in question which have been constant source of embarrassment to my Government and people.

I have the honour to be,

Sir,

Your obedient servant,

Consul for Japan.

Honourable S. Ukita,

Japanese Consul,

Vancouver, B.C.

Dear Sir: —

I am in receipt of a letter from the Honourable C. J. Doherty, Minister of Justice, Ottawa, Canada, advising this Government that in his opinion certain Orders-in-Council passed by the Government of the Province of British Columbia are contrary to the terms of the treaty existing between the Dominion of Canada and the Empire of Japan.

This communication has been placed before the Honourable J. W. de B. Farris, Attorney-General for

the Province of British Columbia, and I enclose copy of a memo just received from him. From this memo you will see that the Honourable the Attorney-General desires time for further consideration of the questions involved and will advise me as soon as possible. The Executive Council considers it unwise to take any action until he furnishes them with an opinion.

ORIENTALS ARE STILL OPERATING IN WOODS

Toward the end of last month the provincial forestry department notified the shingle and logging interests of the province that after May 1 a regulation of the department prohibiting the employment of Orientals in their operations in the wood, would be enforced. About 400 of these laborers are engaged in cutting shingle bolts and around 150 are logging.

It was learned to-day that due to the difficulty in securing adequate white help for the woods the employers have taken no action and the Orientals are still working. The Japanese state that the Dominion Government has taken a hand in the ruling but this cannot be verified. Dominion crown grant lands are not affected.

Messrs. Tupper & Bull,

Vancouver, B.C.

Dear Sir :—

Re Orders-in-Council, 1902, restricting the employment of Japanese.

Encl. "A"

Regarding the enclosed copy of the letter received from Mr. John Oliver, Prime Minister of the Province of British Columbia, on the above question, I would like to secure your services, in case of need, to represent me at the Court.

In the meantime, I wish to know your opinion on the following points: —

1. Who would be the Plaintiff and Defendant in the proposed case?

In what form and in what occasion the views of the Japanese Government are to be presented or heard?

2. Do you think it likely that the Provincial Government will enforce the existing Orders-in-Council — or, to be accurate, will they cancel the license in case

the holder thereof employ Japanese in disregard of the notices sent out by the District Forester.

3. If the Government means to enforce the Orders-in-Council, is it not necessary to ask the Court to exercise injunction or such other measures as to prevent their enforcement? If the injunction is to be sought, is it, independent from the case submitted by the Provincial Government, to be brought up by the interested parties concerned?

Encl. "B"

4. Would you give me the substance of the Nakane case 13 B.C. Rep. 370 as was quoted in the conclusion of Mr. Doherty's note to Mr. Oliver, a copy thereof you will find enclosed.

(enclosed)

For your information I enclose herewith copies of my letters addressed respectively to His Honour the Lieutenant Governor in Council and the Hon. the Prime Minister; the former will furnish you with the brief

history of the subject matter.

I remain,

Dear Sir,

Yours very truly,

Consul of Japan

The Honourable S. Ukita,

Re Orders-in-Council 1902 restricting the employment of Japanese.

Dear Sir: —

I beg to acknowledge receipt of your communication of the 15th instant enclosing the papers mentioned therein. These I have carefully perused.

Dealing with the questions which you have put, as follows:

1. The contemplated case to which the Premier of B.C. refers would be brought before the Court of Appeal under the "Constitutional Questions Determination Act". There would be no Plaintiff or Defendant, but the Act provides that the Attorney General of Canada is to be notified in such a case as this, in order to be heard if he sees fit. It is further provided that the Court of Appeal shall have power to direct that any person or class of persons interested shall be notified if the hearing of such persons shall be entitled to be heard. An appeal lies to the Supreme Court of Canada from any decision of the Court of Appeal.

If the local Government acts speedily, the case might be brought on during the June sittings of the Appeal Court.

I would suggest that in reply to the letter of the Prime Minister of May 4th, you should ask that before the case is finally prepared for submission to the Court of Appeal, you might be favored with a draft so that suggestions could be made if deemed desirable.

2. From the language of the letter of May 4th above referred to, I gather that the Government may not be active in the enforcement but simply abstain from repealing the existing Orders-in-Council, though the letter is not definite. Nor do I think under the circumstances they will cancel the license in the case you put, but this of course must be a surmise only.

3. It is not possible to obtain an injunction against the Government in a case of this kind. Nor has the Court of Appeal such powers under the Constitutional

Questions Determination Act.

4. The case to which you refer was decided by the Supreme Court when it acted as a Court of Appeal before the present Court of Appeal was constituted. Two Japanese had been detained, pursuant to the provisions of the "Immigration Act" of 1908. A writ of habeas corpus was applied for, and in granting the discharge it was decided that the provisions of the Act were inoperative, so far as Subjects of the Japanese Empire were concerned, and this by reason of the Treaty and the Act of January 1907 respecting the Treaty between Canada and Japan.

Mr. Justice Clement, in giving reasons for judgment expressed his regret that it should ever have been thought proper to attempt to enforce the British Columbia Immigration Act of 1908 against subjects of the Japanese Empire, and expressed the opinion that it smacked strongly of disloyalty to our settled form of government when the authorities of one Province undertook to override and render abortive a Constitutional Act of the Parliament of Canada, and "when they even make bold to forbid the honourable observance of our solemn engagements with a foreign power".

If you desire it, with respect to question 3, I will have a careful search made of the different Statutes (which have been amended frequently) in order to ascertain if any special provision has been made which overrides the general rule that an injunction cannot be obtained against the Crown or Officers acting under the authority of the Crown.

I remain,

My dear Sir,

Yours very truly,

"CHARLES HIBBERT TUPPER."

Constitutional Questions Determination Act 全文

CONSTITUTIONAL QUESTIONS.

CHAPTER 45.

An Act respecting the Determination of Constitutional Questions.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows: —

Short Title.

1. This Act may be cited as the "Constitutional Questions Determination Act."

Interpretation.

2. "Judge" means a Judge of the Supreme Court.

Reference to the Court.

3. The Lieutenant Governor in Council may refer to the Court of Appeal, or to a Judge, for hearing and consideration, any matter which he thinks fit to refer, and the Court of Appeal or Judge shall thereupon hear and consider the same. 1903-04, c. 15, s. 11; 1907, c. 12, s. 4.

4. The Court of Appeal or Judge shall certify to the Lieutenant Governor in Council its or his opinion on the question referred, with the reasons therefor, which are to be given in like manner as in the case of a judgment in an ordinary action; and any Judge of the Court of Appeal who differs from the opinion of the majority may, in like manner, certify his opinion, with his reasons therefor, to the Lieutenant Governor in Council. 1903-04, c. 15, s. 12; 1907, c. 12, s. 5.

5. In case the matter so referred relates to the constitutional validity of any Act which has heretofore been or shall hereafter be passed by the Legislature of this Province, or of some provision in any such Act, the Attorney-General of Canada shall be notified of the hearing, in order to be heard if he sees fit. 1903-04, c.15, s. 13.

6. The Court of Appeal or Judge shall have power to direct that any person interested, or, where there is a class of persons interested, any one or more persons as representatives of such class, shall be notified of the

hearing, and such persons shall be entitled to be heard. 1903-04, c. 15, s. 14; 1907, c. 12, s. 5.

7. The opinion of the Court of Appeal or Judge shall be deemed a judgment of the Court of Appeal, or of the Supreme Court, and an appeal shall lie therefrom as in the case of a judgment in an action. 1903-04, c. 15, s. 15.

8. The reasons given by the Court of Appeal or Judge under the preceding sections shall, as soon as practicable thereafter, be published in the Gazette. 1907, c. 12, s. 6.

9. (1) When in any cause, matter, or other proceeding the constitutional validity of any Act of the Parliament of Canada or of the Legislature of British Columbia comes into question, the same shall not be adjudicated to be invalid until after notice thereof has been served upon the Attorney-General of Canada and the Attorney-General of British Columbia, or at their offices respectively.

(2) The notice in such case shall be intituled in the cause; shall state what the Act or section of an Act is which is in question, and the day on which the case or the said question is to be argued; and shall give such other particulars as are necessary to show the constitutional point proposed to be argued.

(3) The notice shall, in the case of the Attorney-General of Canada, be served ten days, and in the case of the Attorney-General of British Columbia, be served six days, before the day of the argument, unless the Court of Appeal or a Judge authorizes a shorter notice.

(4) Upon every such question the said Attorney-General of Canada, and the said Attorney-General of British Columbia shall be entitled as of right to be heard, either in person or by councel, notwithstanding that the Crown is not a party to the action or proceeding. 1903-04, c. 15, s. 17.

10. The Supreme Court shall have jurisdiction to entertain an action at the instance of either the Attorney-General of Canada or the Attorney-General of this Province for a declaration as to the validity of any Statute or any provision in any Statute of the Legislature of British Columbia though no further relief should be prayed or sought, and the action shall be deemed to be sufficiently constituted if the two officers aforesaid are parties thereto. A judgment in the action shall be appealable like other judgments of the said Court. 1903-04, c. 15, s. 18.

Dear Sir: —

I have your letter of May 14th and note your enquiry regarding the opinions ascribed to the Department of Justice at Ottawa concerning arrangements made by the Government of British Columbia for the cutting of its provincial timber. These opinions leave the situation unchanged and the Department is continuing the enforcement of the conditions under which licences and others entered into contracts to remove Crown timber.

Your's faithfully,

Re Order-in-Council 1902 restricting the employment of Japanese. #5935.

Dear Sir: —

I beg to acknowledge receipt of your communication of the 27th instant, and in reply, with regard to the question put, I may say:

1. My fees for preliminary work, including the fee for my letter of the 17th instant, would be covered by the sum of $25.00.

2. The term and conditions to act as Counsel would be $1000.00 to cover my retaining fee and advising if required as to the draft case to be submitted to the Court of Appeal, should the Government permit revision and suggestion as to the draft, and $100.00 a day as Counsel for each day in the Court of Appeal.

3. Estimate of expenses to be incurred in connection with the case—(you state "if I have to be heard" — I am assuming however that you mean if you have to be heard through Counsel) the above amounts would cover all the expenses, the only expenses in a matter of this kind in connection with a reference under the "Constitutional Questions Determination Act" being those of Counsel.

By the way, referring to my letter of the 17th instant again, have you acted on my suggestion to ask that you might be favored with a draft of the proposed submission to the Court.

第五一号 （六月二十二日接受）

十九日夕刊 Province 紙ハ一欄ニ亘リ日本人使用禁止問題ヲ控訴院ニ附議スルニ至リシ当州検事総長ノ談話ヲ報道セリ其中日米通商条約ノ締結ヨリ加奈陀ノ加入通告ニ至ル迄ノ法令ノ布告類ノ日附ヲ記述シタル後 To these dates the Attorney-General drew particular attention as they materially affect the argument which British Columbia will advance before the courts. トアリ次ニ中央政府ヨリ本件ハ条約違反ナルガ故削除ス可キ様申込ミ来レルコトヲ述ベタル末 British Columbia Government now finds itself in very perplexing situation. Under terms of B.N.(註) A. Act there is no question as to power of province to insert any stipulation it desires in its leases and contracts with regard to employment of Orientals. On other hand under Section 132 of B. N. A. Act, Dominion Government has power to pass legislation making imperial treaties of force and effect in Canada thus overriding provincial legislation. This province was not consulted with regard to passage of treaty nor in regard to Dominion Act of 1913, and Government feels itself under obligation to protect by all means in its power interests of people of B. C. Therefore we have decided that dictum of Minister of Justice should not be accepted until the case has been before the court. ト言ヒ最後ニ Argument for B. C. トシテ別電第五一号ノ通リ述ベ居レリ

六月十九日在ヴァンクーヴァー浮田領事発内田外務大臣宛電報第五一号

検事総長談話中B·C·州政府ガ控訴院ニ於テ主張セントスル論点

第五二号別電

In the first place it will be contended that the rights of this province in respect to contracts connected with its own lands and leases connected therewith can only be overridden by the Dominion Government under Section 132 of B.N.A. Act. It will be contended that the Dominion legislation referred to does not come under this section, because this section says that Dominion may pass legislation to carry out treaty obligations of Dominion or of any province arising out of notice of adhesion provided for under the treaty. Notice of adhesion was not given by the Imperial Government until May 1913 whereas Dominion Act purporting to give effect to this treaty in Canada was passed in April 1913, thus anticipating any obligation on the part of Canada. While it will not be contended that Federal Government could not legislate under Section 91 of B.N.A. Act, it will be contended that provincial legislation of this kind can not be abrogated except under Section 132 of B.N.A. Act which latter B. C. Government claimes can not be invoked. In the second place assuming that courts find that Dominion Act does operate against this province, B. C. Government will contend that its regulations are not in contravention of treaty stipulations. It will be contended that these regulations do not interfere with rights of Japanese in B.C., but simply exercise rights of province in connection with its own contracts and property. The B. C. Government will claim that it has as such right to employ whom it will on its own work as has any private corporation.
