Re: Written Pledge

We (“organiser’s name) here pledge to abide by following articles and cause no trouble to the Ministry, in case our request to use “Japan-Singapore 40<sup>th</sup> Anniversary Event” for our “project name” in “Japan” is approved.

We have no objection if our request is cancelled as a result of a breach of the given articles:

1. “Organiser name” shall be held all responsible for the event to be organised
2. Political activities or activities which go against the purpose of this event shall be banned.
