Key sectors

Japan has cooperated with Nigeria to develop different sectors including Infrastructure (power supply, transportation, etc.), urban environment (waste management, water resources, etc.), achievement of inclusive growth, peace building and tackling terrorism, through four arms of ODA projects (Loan, Grant, Technical Assistance and Grant assistance for Grass-roots human security projects).

Millions of Nigerians, in one way or the other, have benefited and/or are currently benefiting from the Japan’s Official Development Assistance to Nigeria.
