

The traveler must submit a copy of this “Written Pledge” to the airport quarantine office when entering Japan.

(For returnees and re-entrants who have recently stayed in the UK or South Africa)

Minister of Health, Labour and Welfare

Written pledge

(Name) hereby declares the following items at the time of return/re-entry into Japan (hereinafter referred to as "entry").

1. Personal information of the traveler.

Name (alphabet)	Nationality	Passport number	Departure Country / Region

2. Pledged items

- (a) I must take a COVID-19 testing conducted within 72 hours prior to departure time of the flight, and obtain a certificate certifying that the testing result is “negative” from a local medical institution, and there must be no misrepresentation in the contents. Upon entry into Japan, I must present the certificate or its copy to the airport quarantine officer and submit it to the immigration officer.
- (b) Upon entry into Japan, I must install the “LINE” application on my smartphone and report my health condition through this application to the public health center that has jurisdiction over my home or accommodation location every day for 14 days after entering Japan. If it is unavoidable that I am unable to report my health condition through the “LINE” application, I must agree to respond to the demands of the public health center etc. for following up on my health condition every day for 14 days. In this case, if there is a specific follow-up method designated by the public health center (e.g. daily reporting of health condition to an email address set up for reporting purposes), I must follow it.

I install the “LINE” application on the following phone number:

(_____) (Example: 090-xxxx-oooo)

- (c) At the time of entry into Japan, I must install a Covid-19 Contact-Confirming Application designated by the Ministry of Health, Labour and Welfare on my smartphone, and I must ensure that the application remains active for 14 days after entry into Japan.
- (d) Upon entry into Japan, I must begin retaining my location information through the map application function of the smartphone, and retain this information for 14 days after entry into Japan.
- (e) I do not use of public transportation (trains, buses, cabs/taxis, domestic airplanes, etc.) for 14 days after entering Japan.
- (f) I stay at home or the accommodation for 14 days after arrival in Japan, and do not have contact with unspecified persons.
- (g) In case that any symptoms within 14 days of entering Japan are observed, I must immediately contact the "Consultation Center for Covid-19" that has jurisdiction over my home or accommodation, tell them where I have stayed, and go to the designated medical institution to get medical treatment.
- (h) In case that I am tested positive within 14 days of entering Japan, I must cooperate with the investigation (active epidemiological investigation based on Article 15 of the Act on the Prevention of Infectious Diseases and Medical Care for Patients with Infectious Diseases) by promptly presenting the location data saved on my smartphone or other device after entering Japan to the public health center with jurisdiction.
- (i) The following infection prevention measures are taken:
 - (1) Wear masks, (2) Thoroughly disinfect hands, (3) Avoid sharing small spaces and poorly ventilated spaces with many people.
