

Towards a society where youth are given equal opportunities.

Providing Career Education to Intercultural Youth: Challenges and Opportunities.

About us

Providing Opportuniy for Intercultural Youth

Our vision is to create a society with equal opportunities for young people regardless of their differences or background.

Our Mission: Empowering Intercultural Youth (Aged 16-26)

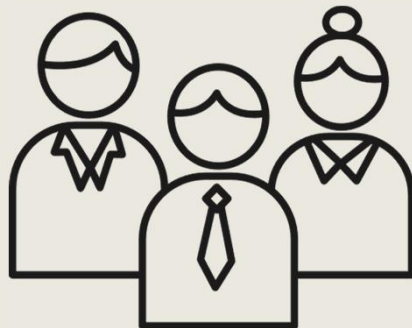

For over a decade, we have been dedicated to serving over 300 children and youth. We have provided career programs at public high schools, Brazilian schools, Nepali schools, public high schools, and also for out-of-school youth. Our project primarily operates in Tokyo, Kobe, Ibaragi, Aichi, and other surrounding areas.

03

Care

We offer two programs: an after-school program that provides part-time high school students with extracurricular activities, and an out-of-school program offering internships for individuals over the age of 18.

“I don’t belong here”

why we started policy advocacy

✓ **Conducting Survey on Dropout Rate and Career Path.**

No data was available for the high school dropout rate of foreign high school students in 2017.

✓ **Creating Effective Strategies to Reduce Dropout Rates.**

No specific measures were provided for foreign high school students at governmental level.

✓ **Requesting Visa Status for stable career development.**

Some visa statuses impose limitations on working hours, making it challenging for high school students to work full-time jobs during and after graduation.
