CONSULTATIVE MEETING**

May 11 - 21, 2026 **Hiroshima, Japan**

【space and margin requirements】

- The background color for the logo (both color and monochrome versions) should be white as a general rule.
- If the background has the color other than white and makes the logo difficult to see, ensure that the white area is larger than the one shown below.
- Additionally, ensure no text or graphics are placed within this margin.
