

CONVENTION BETWEEN
JAPAN AND THE REPUBLIC OF SLOVENIA
FOR THE ELIMINATION OF DOUBLE TAXATION
WITH RESPECT TO TAXES ON INCOME
AND THE PREVENTION OF TAX EVASION AND AVOIDANCE

Japan and the Republic of Slovenia,

Desiring to further develop their economic relationship and to enhance their co-operation in tax matters,

Intending to conclude a Convention for the elimination of double taxation with respect to taxes on income without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Convention for the indirect benefit of residents of third States),

Have agreed as follows:

ARTICLE 1
PERSONS COVERED

1. This Convention shall apply to persons who are residents of one or both of the Contracting States.
2. For the purposes of this Convention, income derived by or through an entity or arrangement that is treated as wholly or partly fiscally transparent under the tax law of either Contracting State shall be considered to be income of a resident of a Contracting State but only to the extent that the income is treated, for purposes of taxation by that Contracting State, as the income of a resident of that Contracting State. In no case shall the provisions of this paragraph be construed so as to restrict in any way a Contracting State's right to tax the residents of that Contracting State.

ARTICLE 2
TAXES COVERED

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income or on elements of income, including taxes on gains from the alienation of any property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

3. The existing taxes to which this Convention shall apply are:

(a) in Slovenia:

(i) the tax on income of legal persons; and

(ii) the tax on income of individuals

(hereinafter referred to as "Slovenian tax");

(b) in Japan:

(i) the income tax;

(ii) the corporation tax;

(iii) the special income tax for reconstruction;

(iv) the local corporation tax; and

(v) the local inhabitant taxes

(hereinafter referred to as "Japanese tax").

4. This Convention shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their taxation laws.

ARTICLE 3 GENERAL DEFINITIONS

1. For the purposes of this Convention, unless the context otherwise requires:

(a) the term "Slovenia" means the Republic of Slovenia and, when used in a geographical sense, means the territory of Slovenia as well as those maritime areas over which Slovenia may exercise sovereign or jurisdictional rights in accordance with its internal legislation and international law;

- (b) the term "Japan", when used in a geographical sense, means all the territory of Japan, including its territorial sea, in which the laws relating to Japanese tax are in force, and all the area beyond its territorial sea, including the seabed and subsoil thereof, over which Japan has sovereign rights in accordance with international law and in which the laws relating to Japanese tax are in force;
- (c) the terms "a Contracting State" and "the other Contracting State" mean Japan or Slovenia, as the context requires;
- (d) the term "person" includes an individual, a company and any other body of persons;
- (e) the term "company" means any body corporate or any entity that is treated as a body corporate for tax purposes;
- (f) the term "enterprise" applies to the carrying on of any business;
- (g) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;
- (h) the term "international traffic" means any transport by a ship or aircraft operated by an enterprise of a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State;
- (i) the term "competent authority" means:
 - (i) in Slovenia, the Ministry of Finance or its authorised representative; and
 - (ii) in Japan, the Minister of Finance or his authorised representative;
- (j) the term "national", in relation to a Contracting State, means:
 - (i) any individual possessing the nationality of that Contracting State; and

(ii) any legal person, partnership or association deriving its status as such from the laws in force in that Contracting State;

(k) the term "business" includes the performance of professional services and of other activities of an independent character.

2. As regards the application of this Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that Contracting State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that Contracting State prevailing over a meaning given to the term under other laws of that Contracting State.

ARTICLE 4 RESIDENT

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that Contracting State, is liable to tax therein by reason of his domicile, residence, place of head or main office, place of management or any other criterion of a similar nature, and also includes that Contracting State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that Contracting State in respect only of income from sources in that Contracting State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident only of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident only of the Contracting State with which his personal and economic relations are closer (centre of vital interests);

(b) if the Contracting State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either Contracting State, he shall be deemed to be a resident only of the Contracting State in which he has an habitual abode;

- (c) if he has an habitual abode in both Contracting States or in neither of them, he shall be deemed to be a resident only of the Contracting State of which he is a national;
- (d) if he is a national of both Contracting States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, the competent authorities of the Contracting States shall endeavour to determine by mutual agreement the Contracting State of which such person shall be deemed to be a resident for the purposes of this Convention, having regard to its place of head or main office, its place of effective management, the place where it is incorporated or otherwise constituted and any other relevant factors. In the absence of such agreement, such person shall not be entitled to any relief or exemption from tax provided by the Convention.

4. Where, pursuant to any provisions of this Convention, a Contracting State relieves or exempts from tax income of a resident of the other Contracting State and, under the laws in force in that other Contracting State, the resident is subjected to tax in that other Contracting State only on that part of such income which is remitted to or received in that other Contracting State, then such relief or exemption shall apply only to so much of such income as is remitted to or received in that other Contracting State.

ARTICLE 5 PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;

- (d) a factory;
- (e) a workshop; and
- (f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site, a construction, assembly or installation project or a supervisory activity connected therewith constitutes a permanent establishment only if such site, project or activity lasts more than twelve months.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity;
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e),

provided that such activity or, in the case of subparagraph (f), the overall activity of the fixed place of business, is of a preparatory or auxiliary character.

5. Paragraph 4 shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same Contracting State and:

- (a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of this Article; or
- (b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

6. Notwithstanding the provisions of paragraphs 1 and 2 but subject to the provisions of paragraph 7, where a person is acting in a Contracting State on behalf of an enterprise and, in doing so, habitually concludes contracts, or habitually plays the principal role leading to the conclusion of contracts that are routinely concluded without material modification by the enterprise, and these contracts are:

- (a) in the name of the enterprise; or
- (b) for the transfer of the ownership of, or for the granting of the right to use, property owned by that enterprise or that the enterprise has the right to use; or
- (c) for the provision of services by that enterprise,

that enterprise shall be deemed to have a permanent establishment in that Contracting State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

7. Paragraph 6 shall not apply where the person acting in a Contracting State on behalf of an enterprise of the other Contracting State carries on business in the first-mentioned Contracting State as an independent agent and acts for the enterprise in the ordinary course of that business. Where, however, a person acts exclusively or almost exclusively on behalf of one or more enterprises to which it is closely related, that person shall not be considered to be an independent agent within the meaning of this paragraph with respect to any such enterprise.

8. For the purposes of this Article, a person is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

9. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6 INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other Contracting State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

ARTICLE 7 BUSINESS PROFITS

1. Profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits that are attributable to the permanent establishment in accordance with the provisions of paragraph 2 may be taxed in that other Contracting State.

2. For the purposes of this Article and Article 22, the profits that are attributable in each Contracting State to the permanent establishment referred to in paragraph 1 are the profits it might be expected to make, in particular in its dealings with other parts of the enterprise, if it were a separate and independent enterprise engaged in the same or similar activities under the same or similar conditions, taking into account the functions performed, assets used and risks assumed by the enterprise through the permanent establishment and through the other parts of the enterprise.

3. Where, in accordance with paragraph 2, a Contracting State adjusts the profits that are attributable to a permanent establishment of an enterprise of one of the Contracting States and taxes accordingly profits of the enterprise that have been charged to tax in the other Contracting State, that other Contracting State shall, to the extent necessary to eliminate double taxation on these profits, make an appropriate adjustment to the amount of the tax charged therein on those profits if the competent authority of that other Contracting State agrees with the adjustment made by the first-mentioned Contracting State; if the competent authority of that other Contracting State does not so agree, the competent authorities of the Contracting States shall endeavour to eliminate any double taxation resulting therefrom by mutual agreement.

4. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8 SHIPPING AND AIR TRANSPORT

1. Profits from the operation of ships or aircraft in international traffic carried on by an enterprise of a Contracting State shall be taxable only in that Contracting State.

2. Notwithstanding the provisions of Article 2, an enterprise of a Contracting State shall be exempt in respect of its carrying on the operation of ships or aircraft in international traffic from, in the case of an enterprise of Slovenia, the enterprise tax of Japan and, in the case of an enterprise of Japan, any tax similar to the enterprise tax of Japan which is imposed after the date of signature of this Convention in Slovenia.

3. The provisions of the preceding paragraphs of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9 ASSOCIATED ENTERPRISES

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that Contracting State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

3. Notwithstanding the provisions of paragraph 1, a Contracting State shall not change the profits of an enterprise of that Contracting State in the circumstances referred to in that paragraph after ten years from the end of the taxable year in which the profits that would be subjected to such change would, but for the conditions referred to in that paragraph, have accrued to that enterprise. The provisions of this paragraph shall not apply in the case of fraud or wilful default.

ARTICLE 10 DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, dividends paid by a company which is a resident of a Contracting State may also be taxed in that Contracting State according to the laws of that Contracting State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income which is subjected to the same taxation treatment as income from shares by the tax laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other Contracting State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other Contracting State.

ARTICLE 11 INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, interest arising in a Contracting State may also be taxed in that Contracting State according to the laws of that Contracting State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be taxable only in the other Contracting State if:

- (a) the interest is beneficially owned by the Government of that other Contracting State, a political subdivision or local authority thereof, the central bank thereof or any institution acting for promoting export, investment or development thereof; or
- (b) the interest is beneficially owned by a resident of that other Contracting State with respect to debt-claims guaranteed, insured or indirectly financed by any institution acting for promoting export, investment or development thereof.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, and all other income that is subjected to the same taxation treatment as income from money lent by the tax laws of the Contracting State in which the income arises. Penalty charges for late payment shall not be regarded as interest for the purposes of this Article. The term "interest", however, does not include income dealt with in Article 10.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 12 ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, royalties arising in a Contracting State may also be taxed in that Contracting State according to the laws of that Contracting State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, design or model, plan, or secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 13 CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other Contracting State.

2. Gains derived by a resident of a Contracting State from the alienation of shares of a company or comparable interests, such as interests in a partnership or trust, may be taxed in the other Contracting State if, at any time during the 365 days preceding the alienation, these shares or comparable interests derived at least 50 per cent of their value directly or indirectly from immovable property, as defined in Article 6, situated in that other Contracting State, unless the relevant class of the shares or comparable interests is traded on a recognised stock exchange and the resident and persons related to that resident own in the aggregate 5 per cent or less of that class of the shares or comparable interests.

3. Gains from the alienation of any property, other than immovable property, forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise), may be taxed in that other Contracting State.

4. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated by that enterprise in international traffic or any property, other than immovable property, pertaining to the operation of such ships or aircraft shall be taxable only in that Contracting State.

5. Gains from the alienation of any property, other than that referred to in the preceding paragraphs of this Article, shall be taxable only in the Contracting State of which the alienator is a resident.

ARTICLE 14 INCOME FROM EMPLOYMENT

1. Subject to the provisions of Articles 15, 17 and 18, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that Contracting State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other Contracting State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned Contracting State if:

- (a) the recipient is present in the other Contracting State for a period or periods not exceeding in the aggregate 183 days in any twelve month period commencing or ending in the taxable year concerned, and
- (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other Contracting State, and
- (c) the remuneration is not borne by a permanent establishment which the employer has in the other Contracting State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that Contracting State.

ARTICLE 15
DIRECTORS' FEES

Directors' fees and other similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors, or of a similar organ, of a company which is a resident of the other Contracting State may be taxed in that other Contracting State.

ARTICLE 16
ENTERTAINERS AND SPORTSPERSONS

1. Notwithstanding the provisions of Article 14, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsperson, from that resident's personal activities as such exercised in the other Contracting State, may be taxed in that other Contracting State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson acting as such accrues not to the entertainer or sportsperson but to another person, that income may, notwithstanding the provisions of Article 14, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

ARTICLE 17
PENSIONS

Subject to the provisions of paragraph 2 of Article 18, pensions and other similar remuneration beneficially owned by a resident of a Contracting State shall be taxable only in that Contracting State.

ARTICLE 18
GOVERNMENT SERVICE

1. (a) Salaries, wages and other similar remuneration paid by a Contracting State or a political subdivision or local authority thereof to an individual in respect of services rendered to that Contracting State or political subdivision or local authority shall be taxable only in that Contracting State.
- (b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that other Contracting State and the individual is a resident of that other Contracting State who:

- (i) is a national of that other Contracting State; or
 - (ii) did not become a resident of that other Contracting State solely for the purpose of rendering the services.
- 2. (a) Notwithstanding the provisions of paragraph 1, pensions and other similar remuneration paid by, or out of funds which are created by or to which contributions are made by, a Contracting State or a political subdivision or local authority thereof to an individual in respect of services rendered to that Contracting State or political subdivision or local authority shall be taxable only in that Contracting State.
- (b) However, such pensions and other similar remuneration shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that other Contracting State.
- 3. The provisions of Articles 14, 15, 16 and 17 shall apply to salaries, wages, pensions, and other similar remuneration in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or local authority thereof.

ARTICLE 19 STUDENTS

Payments which a student or business apprentice who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who is present in the first-mentioned Contracting State solely for the purpose of his education or training receives for the purpose of his maintenance, education or training shall not be taxed in the first-mentioned Contracting State, provided that such payments arise from sources outside the first-mentioned Contracting State. The exemption provided by this Article shall apply to a business apprentice only for a period not exceeding one year from the date on which he first begins his training in the first-mentioned Contracting State.

ARTICLE 20 OTHER INCOME

1. Items of income beneficially owned by a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that Contracting State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the beneficial owner of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

3. Where, by reason of a special relationship between the resident referred to in paragraph 1 and the payer or between both of them and some other person, the amount of the income referred to in paragraph 1 exceeds the amount which would have been agreed upon between them in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the income shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 21 LIMITATION ON BENEFITS

Notwithstanding the other provisions of this Convention, a benefit under the Convention shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of the Convention.

ARTICLE 22 ELIMINATION OF DOUBLE TAXATION

1. In Slovenia, double taxation shall be eliminated as follows:

- (a) Where a resident of Slovenia derives income which, in accordance with the provisions of this Convention, may be taxed in Japan, Slovenia shall allow as a deduction from the tax on the income of that resident, an amount equal to the tax on income paid in Japan. Such deduction shall not, however, exceed that part of the tax on income, as computed before the deduction is given, which is attributable to the income which may be taxed in Japan.

- (b) Where in accordance with any provision of this Convention income derived by a resident of Slovenia is exempt from tax in Slovenia, Slovenia may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

2. In Japan, double taxation shall be eliminated as follows:

Subject to the provisions of the laws of Japan regarding the allowance as a credit against Japanese tax of tax payable in any country other than Japan, where a resident of Japan derives income from Slovenia which may be taxed in Slovenia in accordance with the provisions of this Convention, the amount of Slovenian tax payable in respect of that income shall be allowed as a credit against the Japanese tax imposed on that resident. The amount of credit, however, shall not exceed the amount of the Japanese tax which is appropriate to that income.

ARTICLE 23 NON-DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected. The provisions of this paragraph shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of that other Contracting State carrying on the same activities. The provisions of this paragraph shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, paragraph 6 of Article 12 or paragraph 3 of Article 20 apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned Contracting State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned Contracting State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description imposed on behalf of a Contracting State or of its political subdivisions or local authorities.

ARTICLE 24 MUTUAL AGREEMENT PROCEDURE

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those Contracting States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the provisions of this Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs of this Article.

5. Where,

- (a) under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Convention, and
- (b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within two years from the presentation of the case to the competent authority of the other Contracting State,

any unresolved issues arising from the case shall be submitted to arbitration if the person so requests. These unresolved issues shall not, however, be submitted to arbitration if a decision on these issues has already been rendered by a court or administrative tribunal of either Contracting State or if the competent authorities of both Contracting States have agreed that these issues are not suitable for resolution through the arbitration and have notified the person who made the request for arbitration in respect of the case of such agreement within two years from the presentation of the case to the competent authority of the other Contracting State. Unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision, that decision shall be binding on both Contracting States and shall be implemented notwithstanding any time limits in the domestic laws of these Contracting States. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

ARTICLE 25
EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that Contracting State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both Contracting States and the competent authority of the Contracting State supplying the information authorises such use.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy.

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other Contracting State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 26
ASSISTANCE IN THE COLLECTION OF TAXES

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term "revenue claim" as used in this Article means an amount owed in respect of the taxes covered by Article 2 which are imposed on behalf of a Contracting State and the following taxes, insofar as the taxation thereunder is not contrary to this Convention or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount:

(a) in Slovenia:

- (i) the value-added tax; and
- (ii) the inheritance and gift tax;

(b) in Japan:

- (i) the special corporation tax for reconstruction;
- (ii) the consumption tax;

- (iii) the local consumption tax;
 - (iv) the inheritance tax; and
 - (v) the gift tax;
- (c) any other tax as may be agreed upon from time to time between the Governments of the Contracting States through an exchange of diplomatic notes;
- (d) any identical or substantially similar taxes that are imposed after the date of signature of this Convention in addition to, or in place of, the taxes covered by subparagraph (a), (b) or (c).

3. When a revenue claim of a Contracting State is enforceable under the laws of that Contracting State and is owed by a person who, at that time, cannot, under the laws of that Contracting State, prevent its collection, that revenue claim shall, at the request of the competent authority of that Contracting State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other Contracting State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other Contracting State that met the conditions allowing that other Contracting State to make a request under this paragraph.

4. When a revenue claim of a Contracting State is a claim in respect of which that Contracting State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that Contracting State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other Contracting State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other Contracting State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned Contracting State or is owed by a person who has a right to prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by the competent authority of a Contracting State for purposes of paragraph 3 or 4 shall not, in that Contracting State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that Contracting State by reason of its nature as such. In addition, a revenue claim accepted by the competent authority of a Contracting State for the purposes of paragraph 3 or 4 shall not, in that Contracting State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Notwithstanding the provisions of paragraph 5, acts carried out by a Contracting State in the collection of a revenue claim accepted by the competent authority of that Contracting State for purposes of paragraph 3 or 4 which if they were carried out by the other Contracting State would have the effect of suspending or interrupting the time limits applicable to the revenue claim in accordance with the laws of that other Contracting State shall have such effect under the laws of that other Contracting State. The competent authority of the first-mentioned Contracting State shall inform the competent authority of the other Contracting State of having carried out such acts.

7. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.

8. Where, at any time after a request has been made by the competent authority of a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned Contracting State, the relevant revenue claim ceases to be

- (a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned Contracting State that is enforceable under the laws of that Contracting State and is owed by a person who, at that time, cannot, under the laws of that Contracting State, prevent its collection, or
- (b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned Contracting State in respect of which that Contracting State may, under its laws, take measures of conservancy with a view to ensure its collection

the competent authority of the first-mentioned Contracting State shall promptly notify the competent authority of the other Contracting State of that fact and, at the option of the competent authority of the other Contracting State, the competent authority of the first-mentioned Contracting State shall either suspend or withdraw its request.

9. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to carry out measures which would be contrary to public policy;
- (c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;
- (d) to provide assistance in those cases where the administrative burden for that Contracting State is clearly disproportionate to the benefit to be derived by the other Contracting State.

ARTICLE 27
MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

ARTICLE 28
HEADINGS

The headings of the Articles of this Convention are inserted for convenience of reference only and shall not affect the interpretation of the Convention.

ARTICLE 29
ENTRY INTO FORCE

1. Each of the Contracting States shall send in writing and through diplomatic channels to the other Contracting State the notification confirming that its internal procedures necessary for the entry into force of this Convention have been completed. The Convention shall enter into force on the thirtieth day after the date of receipt of the later notification.

2. This Convention shall be applicable:

(a) in Slovenia:

- (i) with respect to taxes withheld at source, to income derived on or after 1 January of the calendar year next following the year in which the Convention enters into force; and
- (ii) with respect to other taxes, to taxes chargeable for any taxable year beginning on or after 1 January of the calendar year next following the year in which the Convention enters into force; and

(b) in Japan:

- (i) with respect to taxes levied on the basis of a taxable year, for taxes for any taxable years beginning on or after 1 January in the calendar year next following that in which the Convention enters into force; and
- (ii) with respect to taxes levied not on the basis of a taxable year, for taxes levied on or after 1 January in the calendar year next following that in which the Convention enters into force.

ARTICLE 30
TERMINATION

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving written notice of termination to the other Contracting State at least six months before the end of any calendar year beginning after expiry of five years from the date of entry into force of the Convention. In such event, the Convention shall cease to have effect:

(a) in Slovenia:

- (i) with respect to taxes withheld at source, to income derived on or after 1 January of the calendar year next following the year in which the notice is given; and
- (ii) with respect to other taxes, to taxes chargeable for any taxable year beginning on or after 1 January of the calendar year next following the year in which the notice is given; and

(b) in Japan:

- (i) with respect to taxes levied on the basis of a taxable year, for taxes for any taxable years beginning on or after 1 January in the calendar year next following that in which the notice is given; and
- (ii) with respect to taxes levied not on the basis of a taxable year, for taxes levied on or after 1 January in the calendar year next following that in which the notice is given.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto by their respective Governments, have signed this Convention.

PROTOCOL

At the signing of the Convention between Japan and the Republic of Slovenia for the Elimination of Double Taxation with respect to Taxes on Income and the Prevention of Tax Evasion and Avoidance (hereinafter referred to as "the Convention"), Japan and the Republic of Slovenia have agreed upon the following provisions which shall form an integral part of the Convention.

1. With reference to paragraph 2 of Article 1 of the Convention:

The term "fiscally transparent" means situations where, under the tax law of a Contracting State, income or part thereof of an entity or arrangement is not taxed at the level of the entity or arrangement but at the level of the persons who have an interest in that entity or arrangement as if that income or part thereof were directly derived by such persons at the time when that income or part thereof is realised whether or not that income or part thereof is distributed by that entity or arrangement to such persons.

2. With reference to paragraph 2 of Article 10 of the Convention:

Notwithstanding the provisions of that paragraph, dividends paid by a company which is a resident of a Contracting State and, according to the laws of that Contracting State, is:

- (a) entitled to a deduction for dividends paid to its beneficiaries in computing its taxable income in that Contracting State; or
- (b) liable to tax on its income at the reduced rate if it distributes its profits,

may be taxed in that Contracting State according to the laws of that Contracting State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends. The provisions of paragraph 4 of Article 10 of the Convention shall apply *mutatis mutandis* to the dividends paid by the company referred to in this paragraph.

3. With reference to paragraph 3 of Article 11 of the Convention:

The term "institution acting for promoting export, investment or development" means:

(a) in Slovenia:

- (i) the Slovenian Export and Development Bank;
and
- (ii) such other similar institution as may be agreed upon from time to time between the Governments of the Contracting States through an exchange of diplomatic notes; and

(b) in Japan:

- (i) the Japan Bank for International Cooperation;
- (ii) the Nippon Export and Investment Insurance;
- (iii) the Japan International Cooperation Agency;
and
- (iv) such other similar institution as may be agreed upon from time to time between the Governments of the Contracting States through an exchange of diplomatic notes.

4. With reference to paragraph 2 of Article 13 of the Convention:

The term "recognised stock exchange" means:

- (a) any regulated market pursuant to the Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (as amended) or any successor Directive;
- (b) any stock exchange established under the terms of the Financial Instruments and Exchange Law (Law No. 25 of 1948) of Japan; and
- (c) any other stock exchange which the competent authorities of the Contracting States agree to recognise for the purposes of that paragraph.

5. With reference to paragraph 1 of Article 24 of the Convention:

If the competent authority of the Contracting State to which a case is presented in accordance with the provisions of that paragraph does not consider the objection to be justified, the competent authority of that Contracting State shall notify the competent authority of the other Contracting State of that presentation. Such notification shall not be construed as the presentation of the case to the competent authority of the other Contracting State for resolving the case by mutual agreement.

6. With reference to paragraph 5 of Article 24 of the Convention:

- (a) The competent authorities of the Contracting States shall by mutual agreement establish a procedure in order to ensure that an arbitration decision will be implemented within two years from a request for arbitration as referred to in paragraph 5 of Article 24 of the Convention unless actions or inaction of a person directly affected by the case in respect of which the request for arbitration has been made hinder the resolution of the case or unless the competent authorities of the Contracting States and that person otherwise agree.
- (b) An arbitration panel shall be established in accordance with the following rules:
 - (i) An arbitration panel shall consist of three arbitrators who are individuals with expertise or experience in international tax matters.
 - (ii) Each of the competent authorities of the Contracting States shall appoint one arbitrator, whether he is a national of either Contracting State or not. The two arbitrators appointed by the competent authorities of the Contracting States shall appoint the third arbitrator who serves as the chair of the arbitration panel in accordance with the procedures agreed by the competent authorities of the Contracting States.

- (iii) No arbitrator shall be an employee of the tax authority of either Contracting State, nor have dealt with the case in respect of which the request for arbitration has been made in any capacity. The third arbitrator shall not be a national of either Contracting State, nor have had his usual place of residence in either Contracting State, nor have been employed by either Contracting State.
 - (iv) The competent authorities of the Contracting States shall ensure that all arbitrators agree, in statements sent to each of the competent authorities of the Contracting States, prior to their acting in an arbitration proceeding, to abide by and be subject to the same confidentiality and non-disclosure obligations as those described in paragraph 2 of Article 25 of the Convention and under the laws of the Contracting States.
 - (v) Each of the competent authorities of the Contracting States shall bear the costs of its appointed arbitrator and its own expenses. The costs of the third arbitrator and other expenses associated with the conduct of the arbitration proceedings shall be borne by the competent authorities of the Contracting States in equal shares.
- (c) The competent authorities of the Contracting States shall provide the information necessary for the arbitration decision to all arbitrators without undue delay.
- (d) An arbitration decision shall be treated as follows:

- (i) An arbitration decision has no precedential value.
 - (ii) An arbitration decision shall be final, unless that decision is found to be unenforceable by a court of either Contracting State due to a violation of paragraph 5 of Article 24 of the Convention, of this paragraph or of any procedural rule determined in accordance with subparagraph (a) that may reasonably have affected the decision. If the decision is found to be unenforceable due to the violation, the request for arbitration shall be considered not to have been made and the arbitration process shall be considered not to have taken place (except for the purposes of clauses (iv) and (v) of subparagraph (b)).
- (e) Where at any time before the arbitration panel has delivered a decision on a case to the competent authorities of the Contracting States and to the person who made the request for arbitration in respect of the case:
- (i) the competent authorities of the Contracting States reach a mutual agreement to resolve the case pursuant to paragraph 2 of Article 24 of the Convention; or
 - (ii) that person withdraws the request for arbitration; or
 - (iii) a decision concerning the case is rendered by a court or administrative tribunal of either Contracting State during the arbitration proceedings;

the procedures under Article 24 of the Convention in respect of the case shall terminate.

- (f) Where a case in respect of which a request for arbitration has been made is pending in litigation or appeal, the mutual agreement that implements the arbitration decision on the case shall be considered not to be accepted by the person directly affected by the case if any person directly affected by the case who is a party to the litigation or appeal does not withdraw, within 60 days after receiving the decision of the arbitration panel, from consideration by the relevant court or administrative tribunal all issues resolved in the arbitration proceedings. In this case, the case shall not be eligible for any further consideration by the competent authorities of the Contracting States.
- (g) The provisions of paragraph 5 of Article 24 of the Convention and this paragraph shall not apply to cases falling within paragraph 3 of Article 4 of the Convention.

7. With reference to Article 25 of the Convention:

A Contracting State may decline to supply information relating to confidential communications between attorneys, solicitors or other admitted legal representatives in their role as such and their clients to the extent that the communications are protected from disclosure under the law of that Contracting State.

8. With reference to Articles 25 and 26 of the Convention:

Notwithstanding the provisions of paragraph 2 of Article 29 of the Convention, the provisions of Articles 25 and 26 of the Convention shall have effect from the date of entry into force of the Convention without regard to the date on which the taxes are levied or the taxable year to which the taxes relate.

9. Notwithstanding any provisions of the Convention, any income and gains derived by a silent partner in respect of a silent partnership (in the case of Japan, Tokumei Kumiai) contract or another similar contract may be taxed in the Contracting State in which such income and gains arise and according to the laws of that Contracting State.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto by their respective Governments, have signed this Protocol.
