

IFAD and its **Procurement**

UN Business Seminar June 2017

What is IFAD

International
Fund for
Agricultural
Development
(IFAD)

- Established as an international financial institution and specialized UN agency in 1977
 as one of the major outcomes of the 1974 World Food Conference
- Current membership: 176 countries
- Only IFI dedicated to Rural/Agricultural Sectors
- Loans and grants to governments of developing countries
- Use government and local management systems rather than managing project ourselves

Investing in Rural People

Animated story about the power of a simple idea:

Investing in rural people

"Making Good Things Grow"

- **IFAD works where poverty and hunger are deepest:** in the most remote regions of developing countries and fragile situations, where few development agencies venture.
- By investing in rural people, and in small and medium-sized enterprises, our work reduces poverty and hunger and results in greater resilience.

IFAD invests in rural people

Since 1978, IFAD has...

- invested about **US\$17.6 billion** in grants and low-interest loans to developing countries through rural development projects
- supported 1,013 programs and projects in partnership with 123 recipient governments
- empowered approximately **459 million people** to grow more food, better manage their land and other natural resources, learn new skills, start small businesses, build strong organizations and gain a voice in the decisions that affect their lives.

Where we work

Procurement at IFAD

Corporate Procurement

- Most of high value procurement is centralised at IFAD HQ, carried out by the Procurement Section
- Procurement in IFAD Country
 Offices are mainly carried out by
 the hosting organizations
 (UNDP, FAO, WFP, etc), except for
 when low-value procurement is
 delegated

Project Procurement

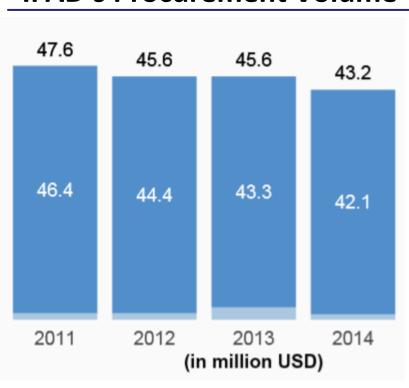

- Carried out by the Borrowers / Recipients (not done by IFAD!)
- IFAD's Direct Supervision of Projects include monitoring of Procurement (prior/post reviews and no objection)

Procurement at IFAD

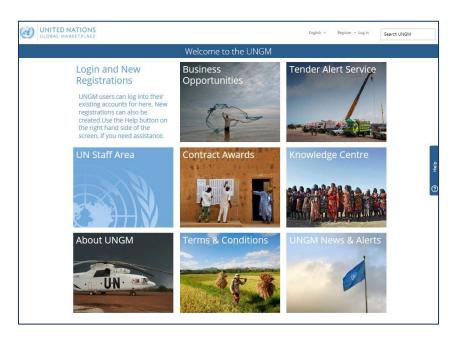

IFAD's Procurement Volume

- IFAD procures approximately 45 million USD annually.
- IFAD's corporate procurement includes:
- Commercial contracts
- Institutional Contracts with noncommercial entities (NGOs, UN agencies, non-profit organizations, etc.)

Doing Business with IFAD

- Suppliers who want to do business with IFAD should register as potential vendors with the United Nations Global Marketplace (UNGM) portal (www.ungm.org).
- Registration is simple and free and gives access to a single portal for the entire UN system.
- Vendors need to agree on the UN Supplier Code of Conduct and declaration of eligibility and then specify the products an/or services they can offer.

Typical IFAD Procurement Process (RFP/ITB above 100K €)

- Tender notice (RFP/ITB) published on UNGM portal
- Submission of proposals/bids through UNGM e-tendering system
- Technical & Commercial Evaluation of bids received
- Evaluation Results to Contracts Review Committee
- Final Recommendation to Chief Procurement Officer
- Award and Contract finalization & signature

UN Interagency collaboration

Increased participation in the UN Global Marketplace portal

www.ungm.org

Collaboration with other UN Agencies, in particular

Common Procurement Team with FAO and WFP,

- Carry out joint tenders
- Harmonise our procedures and bidding documents
- Piggy back of contracts

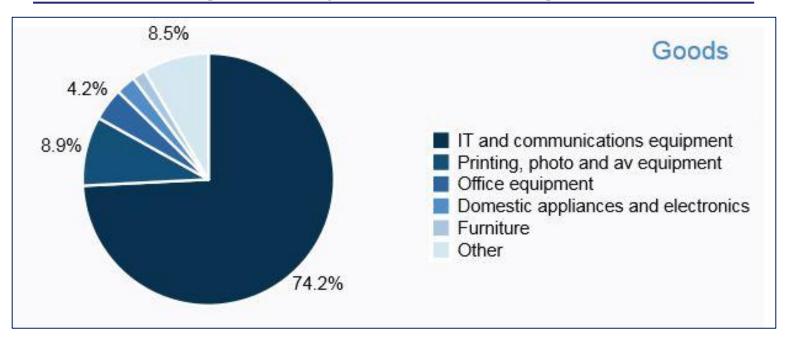

COMMON PROCUREMENT TEAM OF FAO, IFAD, WFP

Goods procured by IFAD

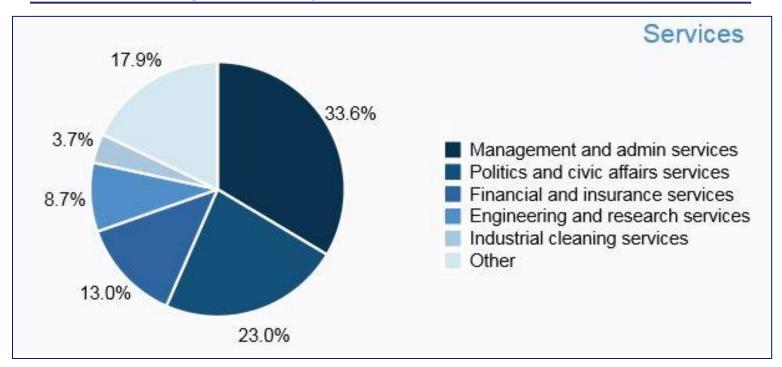

Main categories of procurement of goods (2015)

Services procured by IFAD

Main categories of procurement of services (2015)

Thank you!
