

Introducing WFP procurement

Japan, June 2017

WFP Procurement

The World Food Programme provides food assistance to meet emergency needs and to support economic and social development.

WFP aims to bring food assistance to more than 90 million people in 75 countries

In 2016, WFP procured around 3 billion USD of food, goods and services to support the distribution of approx. 3.8 million metric tons of food.

WFP work

To end global hunger WFP needs to act on a global scale

G&S Procurement – Construction

1

Construction
was **7%** of
WFP's Goods
and Services
budget in
2016

Construction accounts for the third-largest goods and services spending category. WFP uses its in-house expertise in the areas of logistics, procurement and engineering to successfully carry out numerous construction projects around the globe.

WFP Ebola
response
entailed more
than **35.5**
million USD
(2014 and
2015)

This involves building roads, bridges, airstrips and ports, offices, guesthouses, warehouses, schools and camps. WFP undertakes construction to support the longer-term needs of national governments, the humanitarian community and WFP's own operations. Projects vary in scale and complexity depending on their location, the local context, and scope.
