

## 24th Japan-EU Summit Joint Statement

Brussels, 6 July 2017

Mr. Shinzo Abe, Prime Minister of Japan, Mr. Donald Tusk, President of the European Council and Mr. Jean-Claude Juncker, President of the European Commission, met in Brussels today for the 24th Summit between Japan and the European Union (EU) and issued the following statement:

*"We, the leaders of Japan and the EU, met today in Brussels to reaffirm the strength of our Strategic Partnership and to demonstrate our resolve to work together for peace, prosperity and a rules-based international order. We remain united by our common values of democracy and the rule of law and by our determination to promote together an open and fair global economy that benefits everyone. These are the foundations of our political and economic Strategic Partnership for peace, prosperity and a rules-based international order – serving to unite us bilaterally and also to make us stronger internationally.*

*Today marks the beginning of a new chapter in the Strategic Partnership between Japan and the EU as we celebrate the agreement in principle of the Economic Partnership Agreement and the Strategic Partnership Agreement at political level.*

*The highly ambitious and comprehensive Economic Partnership Agreement will consolidate our solid and evolving trade and economic partnership and pave the way for the future. It will bring our two economies closer by addressing issues related to market access for goods, services and investment, procurement including railways, as well as those related to non-tariff measures and the protection of geographical indications as well as intellectual property rights. This agreement will allow us to renew and strengthen our joint commitment to international standards for an even closer cooperation in the future. At the same time, with this agreement in principle of the Economic Partnership Agreement, Japan and Europe demonstrate to the world - and to our citizens - that free trade, with clear and transparent rules fully respecting and enhancing our values, remains an important tool to promote prosperity in our societies. The Japan-EU Economic Partnership Agreement will constitute the basis for a strategic partnership for free and fair trade, against protectionism.*

*We tasked our respective negotiating teams with a rapid finalisation of the agreement that would allow for the internal procedures to start soon, both in Japan and the EU.*

*With shared responsibility for achieving peace, stability and prosperity of the world, Japan and the EU also reached agreement in principle of the*

*Strategic Partnership Agreement. This will provide a framework for an even deeper and more strategic Japan-EU cooperation that enables our partnership to grow and to face new types of challenges.*

*At a time where the rules-based international order is under increasing pressure, the Economic Partnership Agreement and the Strategic Partnership Agreement recapture the shared values and common principles that form the foundation of the Japan-EU partnership, including human rights, democracy and the rule of law.*

*We took the opportunity before attending the G20 Hamburg Summit tomorrow to discuss our cooperation in other important areas, including on our joint efforts to address the global threat of climate change and other international challenges."*
