## TARIFF SCHEDULE OF THE UNITED KINGDOM (HS2017)

[illegible]

## APPENDIX A

### TARIFF RATE QUOTAS OF THE UNITED KINGDOM

#### Section A: General Provisions

1. This Appendix sets out the country-specific tariff rate quotas (TRQs) that the United Kingdom shall apply to certain originating goods of Parties under this Agreement. In particular, originating goods of Parties included under this Appendix shall be subject to the rates of duty set out in this Appendix in lieu of the rates of duty specified in Chapters 1 through 97 of the *Tariff of the United Kingdom*. Notwithstanding any other provision of the *Tariff of the United Kingdom*, originating goods of Parties in the quantities described in this Appendix shall be permitted entry into the territory of the United Kingdom as provided in this Appendix. Furthermore, any quantity of originating goods imported from a Party under a TRQ provided for in this Appendix shall not be counted toward the in-quota quantity of any TRQ provided for such goods under the United Kingdom's WTO Tariff Schedule or any other trade agreement.

2. For the purposes of this Appendix, **year 1** means the period from January 1, 2023 through December 31, 2023 and, with respect to each subsequent year, the 12-month period which starts on January 1 of that year.

3. If this Agreement enters into force for the United Kingdom during a TRQ year, the quota quantity for that year shall be calculated in accordance with Article 2.30.2 (Allocation) of the TPP as incorporated into the CPTPP.

4. With respect to CSQ-UK1 to CSQ-UK6, the United Kingdom may change the administration of a TRQ in this Appendix from a first-come, first-served system to an import licensing system, or return from an import licensing system to a first-come, first-served system in accordance with the following conditions:

## ANNEX II

### SCHEDULE OF THE UNITED KINGDOM

#### INTRODUCTORY NOTES

1. In the interpretation of an entry, all elements of the entry shall be considered. The **Description** element shall prevail over all other elements.
2. **ISIC Rev. 3.1**, where referenced, means the International Standard Industrial Classification of All Economic Activities (Statistical Papers Series M No. 4, ISIC Rev. 3.1, Statistical Office of the United Nations, New York, 2002).
3. The **Existing Measures** element in this Schedule identifies, for transparency purposes, a non-exhaustive list of existing measures that apply to the sectors, subsectors or activities covered by each entry at the date of entry into force of this Agreement for the United Kingdom.

**Sector:** All

**Sub-Sector:**

**Industry Classification:**

**Obligations Concerned:** Market Access (Article 10.5)

**Description:** Cross-Border Trade in Services

1. Services considered as public utilities at a national or local level may be subject to public monopolies or to exclusive rights granted to private operators.

2. Public utilities exist in sectors such as related scientific and technical consulting services, R&D services on social sciences and humanities, technical testing and analysis services, environmental services, health services, transport services and services auxiliary to all modes of transport. Exclusive rights on such services are often granted to private operators, for instance operators with concessions from public authorities, subject to specific service obligations. Given that public utilities often also exist at the sub-central level, detailed and exhaustive sector-specific scheduling is not practical. This entry shall not apply to telecommunications and to computer and related services.
