in Mandalay

3. Provision of Emergency Relief Goods

- On April 6, the distribution of the essential goods (sanitary items, water, and water purifiers etc.) to the people affected by disasters began through the UN agencies.

4. Emergency Grant

- On April 2, the Govt. of Japan announced that Japan will implement Emergency Grant of approximately 6 million US dollars through international organizations (the details are decided as the table 1).

Table 1

Agency	Areas	Amount
ICRC	Health and Medical Care	USD 2 million
IOM	Health and Medical Care	USD 1 million
UNICEF	Water, Sanitation and Hygiene (WASH)	USD 2 million
WFP	Food	USD 1 million

5. Grant Assistance for Grassroots Human Security Projects

- The Govt. of Japan provides emergency relief kit including water tanks and tents, to schools in the region affected by the earthquake through the Grant Assistance for Grassroots Human Security Projects.
