ODA Loans support developing countries by providing low-interest, long-term and concessional funds to finance their development efforts for the purpose of economic and social infrastructure such as electricity, gas, transportation and communications services in many developing countries. In recent years, Jordan has economic burden; an increasing population living in poverty due to the influx of refugees from nearby countries. The Government of Japan underscored to enhance the support to Jordan with the announcement of (2) Enhancing Diplomacy Towards Stability and Prosperity in the Middle East in “3 Pillar Foreign Policy in Response to the Japanese Hostage Murder Incident”.

Emergency Grant Aid

- The Government of Japan provides Emergency Grant Aid for the governments of affected countries or international and other organizations (including Red Cross Societies), with a view to providing urgent support for refugees, internally displaced persons (IDPs), or people affected by overseas natural disasters and/or conflicts.

- Since the outbreak of Syrian Crisis in 2011, Jordan has accepted approximately 660,000 Syrian refugees in both refugee camps and host community (UNHCR as of June 2016). In the basis of the serious humanitarian issues for Syria, the Government of Japan has enforced the support to both refugees who flew out to neighboring countries and IDPs with international organizations.

Workshop for the awareness raising of Women's work opportunity

• In 2006, Japan proposes its concept of creating "THE CORRIDOR FOR PEACE AND PROSPERITY" in cooperation with Israelis, Jordanians and Palestinians. The concept is to work collaboratively to materialize projects that promote regional cooperation for the prosperity of the region, such as establishing an agro-industrial park in the West bank and facilitating the transportation of goods.

• JICA (Japan International Cooperation Agency) has implemented numbers of projects for empowerment and livelihood of refugees, and various kinds of supports in Jordan.
