1. ODA LOANS

ODA Loans support developing countries by providing low-interest, long-term and concessional funds to finance their development efforts for the purpose of economic and social infrastructure such as electricity, gas, transportation and communications services in many developing countries. In recent years, Jordan has economic burden; an increasing population living in poverty due to the influx of refugees from nearby countries. The Government of Japan underscored to enhance the support to Jordan with the announcement of (2) Enhancing Diplomacy Towards Stability and Prosperity in the Middle East in “3 Pillar Foreign Policy in Response to the Japanese Hostage Murder Incident”.

In 2006, Japan proposes its concept of creating "THE CORRIDOR FOR PEACE AND PROSPERITY" in cooperation with Israelis, Jordanians and Palestinians. The concept is to work collaboratively to materialize projects that promote regional cooperation for the prosperity of the region, such as establishing an agro-industrial park in the West bank and facilitating the transportation of goods.

JICA (Japan International Cooperation Agency) has implemented numbers of projects for empowerment and livelihood of refugees, and various kinds of supports in Jordan.
