* the unit value recorded here is different from that found in Table TUBULAR-20, p. TUBULAR-24.

The ITC found unit values of 1913, 1966, 2005, 1987, 1927, 1850, 2004 for the periods it examined.

The unit value recorded here is the simple division of the value of net commercial sales by the volume of such sales.
