

G7 Digital and Tech Ministers' Meeting

Digital Agency, Ministry of Internal Affairs & Communications, Ministry of Economy, Trade and Industry

While aiming for a resilient recovery from the serious impact the global economy has suffered from COVID-19 and Russian aggression of Ukraine, the G7 will accelerate its efforts to clarify the united G7 response in the digital field, including DFFT (Data free flow with trust), emerging technologies, digital infrastructure and AI, as well as the cooperation with the "Global South" based on the crisis faced by authoritarian countries and the modulations in the global economy.

Overview of Ministers' Meeting

- Date April 29 Sat. -30 Sun., 2023
- Location Takasaki, Gunma
- Venue G MESSE GUNMA
(GUNMA Convention Center)

The key visual symbol for “the G7 Digital and Tech Ministers’ Meeting in Takasaki, Gunma” was created using Gunma Prefecture’s symbolic color, purple, in a motif that features “Gunma Prefecture, shaped like a crane dancing.”
