Comprehensive / Integrated approach

Ensuring Human Security (3)

Education

- Japan's basic approach: Education that leads to self-reliance and growth
- Over the next 5 years, in Africa, Japan will
 - Construct approximately 1000 schools containing roughly 5,500 classrooms
 - Train approximately about 100,000 teachers
 - (SMASE: **S**trengthening of **M**athematics and **S**cience in **E**ducation Project)
 - Improve school management of 10,000 schools with community participation

Ensuring Human Security (4)

1st Hideyo Noguchi Africa Prize

- Hideyo Noguchi
 - Prominent Japanese bacteriologist dedicated his life to welfare in Africa
- Prize for medical research & services
- 1st prize winners:
 - Dr. Brian Greenwood
 - Creation of effective strategies to control malaria

 - Dr. Miriam K. Were
 - Health and welfare to people in Africa at local level
