By October, \$83 million in GFRP grant money approved for 10 African countries, and another \$46 million under finalization for 7 other countries, for a total in special grants of \$129 million. Among other things, these grants financed targeted food distribution to children and other vulnerable groups, provision of seeds and fertilizers, and financing in support of food price policies.

● Short-term response to emergency food security through humanitarian aid, safety net and support to livelihoods	EC	EC: € 300 million	● An estimated amount of 243 million for Food Assistance to Africa in 2008.
2. Agriculture and response to high food prices (medium-long term)			
<p>● Partners support Comprehensive Africa Agriculture Development Programme (CAADP) strategic planning and programming at national and regional levels, as well as scaled up interventions in land and water management, infrastructure (e.g. irrigation) and market development, and expansion and uptake of agricultural technology</p> <p>● Implementation of CAADP to increase food supply over medium-long term</p> <p>● Strengthened community-based farmers organizations and water users associations, and expanded agricultural research and technology, for example through support for community-based initiatives and regional agricultural research programs</p>	GoJ (MOFA)/WBG	<p>GoJ (MOFA)/JICA: (i) grants and technical assistance out of ¥26 billion mentioned above, (ii) development and rehabilitation of irrigation facilities, including small-scale irrigation schemes (100,000 ha)</p> <p>WBG: Estimated lending of \$ 4 billion for agricultural growth over 5 years. IFC target of \$ 400 million by 2010 for support to agribusiness up to \$ 1 billion in co-financing in five pilot countries</p> <p>GoJ/WBG: (i) support the establishment of CAADP trust fund (Japan's contribution – \$ 2 million), (ii) scale-up co-financing especially in irrigation, (iii) set up a special grant window of \$ 20 million in the JSDF for rural development including capacity building for land and water management</p>	<p>● Exchange Note for Grant Assistance in 2008</p> <ul style="list-style-type: none"> - The Rehabilitation of the Bwanje Valley Irrigation System (Phase 2), JPY35M to Malawi on June 18 - The Project for Rehabilitation and Improvement of Monshat El Dahab Regulator on Bahr Yusef Canal, JPY2.14B on June 15 <p>● Projects of Technical Assistance started in 2008</p> <ul style="list-style-type: none"> - Water Management Improvement Project II (Capacity Development of Water Users Organizations) in Egypt - The Study on Local Development of Rural Zone in Errachidia Province in Morocco - NERICA Rice Promotion Project in Uganda - Study on Poverty Eradication through Sustainable Irrigation Project in Eastern Uganda - Project for Rice Productivity Improvement in Central Highland in Madagascar - The Study for the planification of sustainable rural development plan in Central and Highland Guinea - Development Study on Integrated Development Program of Fom Gleita Scheme in Mauritania <p>● Bank lending for agriculture is estimated to be at least \$800 million for FY2009. The Bank is also managing a number of trust funds related to agriculture -- four new multi-donor trust funds totaling US\$200 million in commitments this FY are being established to support regional approaches to agricultural development.</p> <p>● A \$65 million trust fund to support the Comprehensive Africa Agriculture Development Program (CAADP) roundtable processes is in the final stages of preparation.</p> <p>□ Japan is going to provide US\$100 million over the next five years, through a trust fund at the World Bank, for the comprehensive assistance to African agriculture.</p>
● Doubling rice production in African countries within 10 years	GoJ (MOFA)/JICA/AGRA	GoJ (MOFA)/JICA: grants and technical assistance out of ¥26 billion mentioned above	<p>● JICA organized the 1st Coalition for African Rice Development (CARD) General Meeting in October 2008 with other relevant organizations, and agreed upon the implementation framework of CARD.</p> <p>● Projects of Technical Assistance started in 2008</p> <p>[More information]</p> <ul style="list-style-type: none"> - NERICA Rice Promotion Project in Uganda - Study on Poverty Eradication through Sustainable Irrigation Project in Eastern Uganda - Project for Rice Productivity Improvement in Central Highland in Madagascar - The Study for the planification of sustainable rural development plan in Central and Highland Guinea - Development Study on Integrated Development Program of Fom Gleita Scheme in Mauritania
● Improve rice varieties of higher productivity and disseminate them through farmers organizations	GoJ(MOFA)/UNDP	GoJ: provide funds to NERICA programme through Japan-UNDP Partnership Fund	● 'Enhancing Livelihood in Post-Conflict Liberia Through Rebuilding Capacity for Rice Production' Project: on-going
● Support to agriculture and rural development under 10th EDF and thematic program	EC	EC: € 2 billion (FY 2008-2013)	● An estimated amount of well above 400 million Euro per year is spent in the period of 2008-2013 for Agriculture in Africa (incl. Food Security Thematic Programme, Sugar Accompanying Measures, EDF 10 National Indicative Programmes in 23 African countries that have selected agriculture, rural development and/or food security as an important sector of cooperation, EDF 10 All-ACP programme, EDF Regional Indicative Programmes).
● Improve NERICA, develop and introduce drought resistant crops and improve soil fertility	GoJ(MAFF)/JIRCAS	GoJ (MAFF)/JIRCAS: Contribute to the productivity enhancement of agricultural products (¥88 million FY 2008)	<p>GoJ (MAFF):</p> <ul style="list-style-type: none"> ● R&D projects are on-going to enhance the productivity of agriculture as follows: (The total of ¥ 109 million approved) • Improvement of NERICA • Development and introduction of drought resistant crops • Improvement of the fertility of sandy soils in the semi-arid zone of West Africa

(*) Above-mentioned figures do not include Non-Project Grant, Food Aid, Emergency Grant, Grant of specific fields like the Grant Aid for Fishery, etc.

(**) Up to \$ 4 billion (¥ 420 billion) to be provided by GoJ over five years for the development of Africa, with special focus on infrastructure and agricultural development

● Enhance capacity to increase food production and agricultural productivity	GoJ (MOFA)/JICA	GoJ (MOFA)/JICA: capacity building for 50,000 agricultural leaders	
● Enhance development of human resources for agricultural research	GoJ(MAFF)	GoJ (MAFF): improve the research capabilities for researchers (ca. 20 researchers FY 2008)	GoJ (MAFF): ● Capacity building through practical on-the-job training program for young African researchers by Japanese researchers at international agricultural research institutions (ca. 20 researchers in FY 2008)
● Improve technical method for land and water development / management to increase agricultural production especially in rice	GoJ(MAFF)	GoJ (MAFF): (i) study implementation(¥ 210 million FY 2008) (ii) provide budget to IWMI Trust Fund (¥ 11 million on FY 2008)	GoJ (MAFF): (1) On-going: Field survey and information collection to select model sites in nine countries (2008 F/Y is the first year of five years plan) (2) On-going: Production of technical manual on effective water resource and irrigation management (2008 F/Y is the final year of three-years' plan)
● Study on the technologies for sustainable food production	GoJ(MAFF)	GoJ (MAFF): Examination for local cultivation technique, for possibility of innovation and prevalence for NERICA crop (¥ 17 million on FY2008)	GoJ (MAFF): ●On-going in Benin: The first field survey was conducted on 14 June-6 July, 2008. The second field survey was conducted on 23 September- 4 October, 2008. The final field survey was conducted on 2-10 December, 2008.
● Promoting Rice Cultivation in Africa through Small Scale Irrigation (small scale infrastructure by farmers, food for work, participatory approach and land reclamation at community level)	GoJ(MAFF)	GoJ (MAFF): Provide budget to WFP Trust Fund FY 2006-2011 (¥ 213 million on FY 2008)	GoJ (MAFF): ●The projects are on-going in West Africa region: Mali and Burkina Faso. The budget was approved for the project through WFP.
● Promotion of organizing farmers through learning agricultural cooperative activity in Japan	GoJ(MAFF)	GoJ (MAFF): Hold training courses for promotion of organizing farmers (¥ 22 million on FY 2008)	GoJ (MAFF): ●Training on 4 countries (Cote d'Ivoire, Burkina Faso, Niger and Benin). ●Training in Japan (12-30 Jan, 2009) ●Post training follow-up in trainees' countries (Feb 7-Mar 7, 2009)
● Technical cooperation between Thailand and a potential African country on Improvement and Strengthening of the Technical Harvesting Capacity and Fish Processing at the Artisanal Fisheries	TICA	RTG: for the year 2009, ca. \$ 52,000	●On-going. 1. A study visit on Post-harvest of Fishery Products for 2 officials from Mozambique during 25 Aug.-4 Sep. 2008. 2.Currently in the process of developing project proposal.
● Technical cooperation between Thailand and a potential African country on Freshwater Aquaculture and Coastal Aquaculture	TICA	RTG: for the year 2009, ca. \$ 20,000	●On-going. 1. Training course on Principal of marine finfish breeding and culturing and Principal of marine finfish aquaculture in clean water, 5 May-13 June 2008, for 5 officials from Senegal. 2. TICA plans to send a mission (2 experts) on aquaculture to Senegal in first quarter of 2009
● Technical cooperation on the Monitoring and Management of a potential country's Fish and Fisheries Products	TICA	RTG: for the year 2009, ca. \$ 15,000	●1. Egypt requested technical assistance on the Artificial Reef Development in Southern Red Sea of Egypt. 2. TICA planned to dispatch 2 experts to Egypt during 27 Nov.-3 Dec. 2008 (postponed).
● Capacity development in Increasing Productivity of Rice, Fisheries and Horticulture Crop to a potential African country	TICA	RTG: for the year 2009, ca. \$ 100,000	□ Pending. 1. TICA planned to arrange short courses training on freshwater fish seed promotion and hatchery operation. 2. Waiting for the relevant information from Sudanese side.
● Capacity development in agricultural research to a potential African country	TICA	RTG: for the year 2009, ca. \$ 17,000	□ Pending. 1. TICA proposed to arrange a short course training on Development of agriculture. 2. Waiting for the relevant information from Nigerian side.

MDGs-- Community Development, Education and Health

Proposed Measures by Japan/Implementing Partners	Implementing Partners	Potential Resources, Possible Contributions	Current Status of Implementation
1. Community Development			
<p>● Promote the "One Village One Product (OVOP)" Movement to achieve poverty reduction through community development</p>	GoJ (MOFA)/JICA	GoJ (MOFA)/JICA: expansion of OVOP projects to 12 countries	<p>●Activities for promotion of OVOP including technical cooperation projects, JICA experts and training programmes are prepared in twelve(12) countries such as Kenya, Ethiopia, Mozambique,Uganda,Tanzania,Nigeria,Zambia, Madagascar,South Africa, Senegal, Ghana and Malawi.</p> <p>●A workshop was held in Southern Ehtiopia in February 2009.</p> <p>●The OVOP concept papers were drafted in Kenya, Ethiopia and Mozambique.</p> <p><input type="checkbox"/> Preparatory studies mission in FY 2008/2009: 1 mission</p>
<p>● Support African Millennium Village (AMV)</p>	GoJ (MOFA)/UNDP	GoJ (MOFA)/UNDP: expansion of AMV projects to 12 countries in total	<p>●UNDP through Community Empowerment Fund: Millennium Village Project (Approx. \$5 million per country) in Benin, Cameroon, Madagascar and Mozambique in addition to 8 countries where AMV projects have been introduced through UN Trust Fund for Human Security.</p> <p>[More information]</p>
<p>● Promote enlarged access to energy services for productive uses in rural communities through the scaling-up of multifunctional platform programmes</p>	GoJ(MOFA)/UNDP/AfDB	<p>GoJ/AfDB: provide funds to multifunctional platform programmes through Japan-UNDP Partnership Fund</p> <p>UNDP: provide technical support to multifunctional platform programmes (currently supporting the development of investment programmes for an enlarged access to energy services for productive uses)</p>	<p>●'Supporting the Development of an Investment Programme for an enlarged Access to Energy Services for Productive Uses in Senegal' Project: On-going.</p>
<p>●Support women's entrepreneurship initiatives</p>	GoJ (MOFA)/UNDP	<p>GoJ (MOFA): support pilot initiative through UNDP/Japan WID Fund</p> <p>UNDP: carry out pilot initiative</p>	<p>●Support for women's entrepreneurship support pilot initiatives 'Shea Butter Project in Ghana': On-going</p> <p>- More than 1,000 women in the three northern regions trained through peer training by the 10 master trainers.</p> <p>- An association consisting of 17 groups (as of July 2008) was established for ensuring quality, quantity, marketing and management.</p> <p>[More information]</p>
<p>● Extend technical cooperation on generating income for villagers through training programme on "One Tambol One Product (OTOP)", Micro-finance and SME development</p>	TICA	RTG: for the year 2009, ca. \$ 15,000	<p><input type="checkbox"/> Pending.</p> <p>1. Morocco requested technical assistance on Social Development.</p> <p>2. TICA agreed to send Thai experts to Morocco to arrange a training course in Morocco. Currently, waiting for the response from Morocco.</p>
<p>● Technical cooperation project on sustainable development between a potential African country and the Kingdom of Thailand (Phase II)</p>	RTE	RTG: for the year 2009, ca. \$ 130,000	<p>● Exchange best practices under the concept of sufficient economy and new agricultural theory by creating Model village in Lesotho. The project started in 2006. The Thai government set up the model field (around 6 hectar of land) based on the sustainable agriculture concept in Lesotho. The aim is to apply the sustainable agriculture concept in the African environment and develop the field to be the model and training centre for Lesotho farmers nationwide. The project is now reaching its final phase and will finish in October 2009. The model field has been developing successfully. Its high agricultural productivity shows that the sustainable agricultural concept is applicable to Africa. Also, the field has become an interactive study model for Lesotho farmers.</p>
<p>● Exchange best practices under the concept of Sufficiency Economy and New Agricultural Theory by creating Model Village in a potential African country</p>	RTE	RTG: planning FY 2009-2012 (ca. \$ 160,000) to implement the project	<p>● The experts from Thailand traveled to Murang'a, Kenya, to examine the area planned to build up the center and model village. The RTE outsourced part of the project to the UNDP Representative in Kenya to prepare the area, such as renovating the area, building of headquarters, and building housing for selected participants (local farmers). The RTE is awaiting the report from the outsourced partner.</p>

2. Education

GoJ(MOFA)/
JICA

GOJ (MOFA)/JICA: grants and technical assistance out of ¥44 billion on education (**)

- **Exchange of Notes for Grant Aid Cooperation in 2008 (Total: 5 projects, 4 country, JPY2.438B)**
 - The Project for Construction of elementary schools and of colleges in urban area, JPY 684M to Guinea on 18 July
 - The Project for Construction and Equipment of a Training Institution of elementary school teachers in Mamou, JPY 398M to Guinea on 15 September
 - The Project for Support to Child-Friendly Environments through Community Participation in Western Province (through UNICEF), JPY 0458B to Rwanda on 30 January 2009
 - The Project for Support to Child-Friendly Environments through Community Participation in the Savanes, Kara and Maritimes Regions, JPY 0.458B to Togo on 3 February 2009
 - The Project for improvement of Medical Equipments in the Bujumbura Marie, JPY 0.23B to Brundi on 20 February 2009

- **Projects of Technical Assistance in 2008 (Total: 5 projects, 5 countries)**
[\[More information\]](#)
 - Egypt: The project for Egypt-Japan University for Science and Technology "E-Just"
 - Uganda: SESEMAT National Expansion Plan
 - Ethiopia: The project on Improving access to quality primary education by community participation
 - Kenya: Strengthening Mathematics and Science Education (SMASE)
 - Malawi: Strengthening Mathematics and Science at Secondary Education (SMASSE) INSET Malawi Phase II

- **Preparatory study missions in FY 2008/2009: 12 missions**

- **Grant Contract for Grant Assistance for Grass-roots Human Security Projects in 2008 (31 projects, 16 countries, JPY 0.27B)**
 - The Project for Construction of Classroom Blocks at St. John Bosco Mweruka Primary School, JPY 0.010B to Uganda on 12 August 2008
 - The Project for Construction of Classroom Blocks at Two Primary Schools in Arua District, JPY 0.010B to Uganda on 12 August 2008
 - The Project for Construction of Classroom Block at Pope John Paul II Memorial College, JPY 0.009B to Uganda on 12 August 2008
 - The Project for Improvement of Public Schools in North Sinai, JPY 0.010B to Egypt on 21 July 2008
 - The Project for Improvement of Primary Schools in Monofeiya, JPY 0.010B to Egypt on 26 August 2008
 - The Project for Improvement of School Equipment for Street Children, JPY 0.010B to Egypt on 20 August 2008
 - The Project for Refurbishment of Primary Schools in Old Cairo, JPY 0.010B to Egypt on 14 August 2008
 - The Project for the Saria Community Development in Basona Worana Woreda, Amhara, JPY 0.010B to Ethiopia on 8 September 2008
 - The Project for Bitta Secondary School Expansion and School Water Supply, SNNPRS JPY 0.010B to Ethiopia on 8 September 2008
 - The Project for Constructing Primary School in Waaji Kebele, Jijiga Woreda, Somali Regional State, JPY 0.010B to Ethiopia on 15 October 2008
 - The Project for Constructing Primary Schools in Horo-Guduru Wallaga Zone, Oromia, JPY 0.010B to Ethiopia on 15 October 2008
 - The Project for Constructing Primary School in Gode Kebele, Gode Woreda, Somali Regional State, JPY 0.009B to Ethiopia on 15 October 2008
 - The project for Bitena Primary School Expansion, Wolaitta SNNPRS, JPY 0.010B to Ethiopia on 25 November 2008
 - The project for rehabilitation of the "Ecole plateau des Quinze ans B" school in the Republic of Congo, JPY0.009B on 25 October 2008
 - The project for construction of a school building of the pilote school "Insiatshio", JPY0.005B to DRC on 14 November 2008
 - The project for rehabilitation of the Lukaya Primary School, JPY0.006B to DRC on 9 January 2009

 - The Project for Rehabilitation of Sherif Hasaballa girls' primary school in Sherif Hasaballa village, Fashaga Locality, Gedarif State, JPY0.010 to Sudan on 18 December 2008
 - The Project for Building Classrooms for Nyatsini Primary School, JPY 0.006B to Swaziland on 16 January 2009
 - The project for rehabilitation of the Tivaouane 3 School in Senegal, JPY0.002B on 17 June
 - The Project for Extension of Tunguu Agriculture Training Centre in Central District, Unguja, JPY 0.009B to Tanzania on 22 May 2009
 - The project for rehabilitation of school related infrastructures in 3 villages of the Vo prefecture, JPY 0.009B to Togo on December 16 2008
 - The Project for Construction of Girls' Hostels in Omuthiya of Namibia, JPY0.008B on 29 September
 - The project for construction of 5 classes in the primary school in Niamey, JPY 0.009B to Niger on January 21 2009
 - The project for reconstruction of Tanjombato school for general education, JPY 0.010B to Madagascar on July 10 2008
 - The project for reconstruction of the Isaingy public primary school in Amanefy, JPY 0.009B to Madagascar on December 11 2008
 - The project for rehabilitation and reconstruction of 2 public primary schools in Antananarivo, JPY 0.008B to Madagascar on December 10 2008
 - The project for construction and equipment of the school at Sorocoro-Coura in Mali, JPY0.007B on 21 January
 - The Project for Improvement of School Environment in Lethabile, JPY 0.009B to South Africa on 26 November 2008
 - The Project for Construction of Guaxene Primary School in Catembe, Maputo, JPY0.010 to Mozambique on 22 August 2008
 - The Project for Construction of Primary Schools in Intama and Mugema, Alto Molocue, Zambezia, JPY0.010 to Mozaambique on 5 September 2008
 - The Project for Construction of Changanine Primary School in Chibuto, Gaza, JPY0.010 to Mozambique on 31 October 2008

Basic Education-expansion of access and quality			
● Provide learning opportunities for children	GoJ (MOFA)/JICA/EC	GoJ (MOFA)/JICA: Construct 1,000 primary and secondary schools containing roughly 5,500 classrooms for about 400,000 children EC: € 359,5 million under 10th EDF not including budget support part of which contributes to education outcomes for ACP states next 5 years	● Construction of 99 primary and secondary schools with 465 classrooms were committed. ● 13 countries in Africa will receive Euros 430.3 million for education, including Euros 100 million for South Africa, in the period 2008-13. These programmes are currently being prepared. In addition, 17 African countries will receive general budget support of between Euros 90 and 320 million for the same period, including resources for the education sector.
● Support to Fast Track Initiative Catalytic Fund	EC/WBG/EFI/FTI Donors including EC	WBG: expansion of primary education opportunities through the Education for All Fast Track Initiative or EFA FTI (a global partnership of over 30 bilateral agencies working with developing countries to advance progress toward the goal of universal completion of quality primary education by 2015). Pledges to FTI's main trust fund (the Catalytic Fund) have reached \$1.4 billion to date by contribution from 16 donor countries, of which approximately \$ 950 million have been allocated to the 18 African countries whose education sector plans have been endorsed. FTI is expected in time to help all 33 low-income African countries present credible plans for endorsement and subsequent grant funding by the EFA FTI donor partners EC: contribute € 22 million to the Catalytic Fund over next 5 years	● The World Bank continues to serve as the trustee of the Education for All-Fast Track Initiative's main trust fund (Catalytic fund) that currently provides assistance to 20 African countries. Contributions to the Trust Fund from donors (including Japan) stand at almost \$1.2 billion. African Low-Income countries, if appropriate/necessary, are eligible to apply to the Catalytic Fund once they have an education sector plan that has been endorsed by the local education sector group through FTI process. ● EC has increased contribution to the FTI Catalytic Fund to US\$ 38.4 million in 2008, also pledging US\$ 24.3 million for 2009, bringing the cumulative total to US\$ 78.7 million for 2004-9.
● Construct and rehabilitate school facilities and provide teacher training for child-friendly schools	UNICEF/Nelson Mandela Foundation/the Hamburg Society	UNICEF/Nelson Mandela Foundation/the Hamburg Society: Construct/rehabilitate school facilities and provide teacher training for at least 1,000 child-friendly schools in rural and poor urban communities of countries in Eastern and Southern Africa	● On-going.
● Expand access to quality primary education through school fee abolition policies and other measures to address household cost barriers to education	UNICEF/UNESCO-IIEP/UNDP/WBG/ADEA	UNICEF/UNESCO-IIEP/WBG: In terms of research, feasibility studies and capacity development in cooperation with research and training institutions, contribute to efforts of school fee abolition policies and other measures to address household cost barriers to education in at least 10 countries	● On-going in 35 African countries.
● Empower literacy programmes and learners to contribute to peaceful and sustainable community development and for better management of education and health	UNESCO	UNESCO: Implement Literacy Initiative for Empowerment (LIFE) in 22 countries	● To implement large-scale activities at national level, proposal was submitted by 14 countries in September 2008 for consideration by UNESCO extra-budgetary financial support. ● A LIFE Resource Pack was produced by UIL. ● Series of inter-country workshops and research activities were organized by UIL and/or BRED.A.
● Support countries to adopt basic education for a minimum period of 9-10 years with appropriate curriculum framework	UNESCO	UNESCO: Assist 11 countries in adopting basic education for a minimum period of 9-10 years with appropriate curriculum framework through Basic Education in Africa Program (BEAP)	
● Provide education for community transformation through design, construction and staff training for primary and/or junior secondary schools to transform the quality of life for border communities in countries links by conflict	UNICEF/ UN country teams (UNCTs)/Plan International and others	UNICEF/UNCTs/Plan International and others: Design, Construct school facilities and provide staff training for at least 100 primary and/or junior secondary schools to transform quality of life for border communities in countries linked by conflict (Initiative on "Learning Along Borders for Living Across Boundaries")by UNICEF program on "Education in Emergencies & Post-Crisis Transition Countries "	● On-going in 4 African countries (Liberia, Sierra Leone, Guinea and Côte d'Ivoire).
● Expand school-based management of schools with community participation and extend programs to additional countries. Illustrative activities include measures to improve and disseminate tools for community management of schools, train school committees	GoJ(MOFA/MOF)/JICA/WBG	GoJ(MOFA/MOF)/JICA: Expand projects to improve educational environment based on "School for All" models for 10,000 schools in West Africa. Also, set up a special grant window of \$ 10 million in the Japan Social Development Fund (JSDF) to further promote community participatory school management model GoJ/JICA/WBG: Provide technical input necessary for WBG to organize a stock-taking conference to foster South-South exchange and cross-country learning	● "School for All" models to improve educational environment is now expanded in Niger, Senegal and Mali.
● Expand teacher training in math and science through SMASE (Strengthening of Mathematics and Science in Education) by extending program to additional countries and encouraging sharing of experiences	GoJ (MOFA)/JICA/WBG	GoJ (MOFA)/JICA: (i) Expand SMASE projects for 100,000 teachers; (ii) Promote experience-sharing among SMASE-WECSA (Western, Eastern, Central and Southern Africa) member countries; (iii) Provide teacher training in Math and Science Education for all SMASE-WECSA member countries GoJ/JICA/WBG: WBG coordinate conference on Africa-Asia Exchange on Mathematics and Science Education (AAE/MSE) with technical support on teacher training by JICA	● SMASE Project is now expanded in 10 countries (Malawi, Uganda, Zambia, Nigeria, Mozambique, Niger, Rwanda, Senegal, Burkina Faso and Kenya).
● Increase financial and technical assistance support to the private education sector	WBG	IFC: Provide \$ 50-100 million over next 5 years with partners to support expansion of privately-provided education	● IFC is developing ideas on expansion of privately provided education and is seeking support from partners.

Post-basic education and higher education/research			
<ul style="list-style-type: none"> ● Enhancement of post-basic education (higher education, technical and vocational education and training (TVET), human resource development for promotion of science and technology and industry. Encourage sharing of country experiences and expansion of programs 	GoJ (MOFA)/JICA/WBG/EC	GoJ (MOFA)/JICA : Promote expanding experience of JICA project	<ul style="list-style-type: none"> ●The project for Egypt-Japan University for Science and Technology "E-Just" was launched. ●New follow-up cooperation for vocational training was implemented in DRC.
		WBG/JICA: WBG evaluates vocational training experience and updates regional analytical work on TVET and dissemination conference with technical support and information sharing from JICA	
		EC: Nyerere programme (€ 60 million) to promote intra-African higher education exchanges and ERASMUS MUNDUS programme(€ 30 million) for access to EU Higher Education next 5 years	
<ul style="list-style-type: none"> ● Provide innovative vocational education in selected fields for talented unemployed youth who missed out education due to conflict 	UNICEF/UN country teams (UNCTs)/WFP/Plan International and others	UNICEF/UNCTs/WFP/Plan International and others: Design, Construct school facilities and provide staff training for at least 20 high quality "Talent Academies" in countries linked by conflict (Initiative on "Talent Academies")by UNICEF program on "Education in Emergencies & Post Crisis Transition Countries	<ul style="list-style-type: none"> ●On-going in 4 African countries (Liberia, Sierra Leone, Guinea and Côte d'Ivoire).
<ul style="list-style-type: none"> ● Strengthen partnership among universities, colleges and research institutions through joint researchers and the exchange of researchers and information/knowledge sharing 	UNESCO/JICA/UNU/Hiroshima University	UNESCO/JICA/UNU/Hiroshima University: Africa-Asia University Dialogue for Basic Education Development Project to promote research and reflection through dialogues and collaboration between universities in 12 African and 6 Asian countries	<ul style="list-style-type: none"> ●The project is in transformation into a UNITWIN Network. During the course of 2008 consultations are carried out between Hiroshima University and the Partner Institutions. The launching of the Network is previewed in the first quarter of 2009.
<ul style="list-style-type: none"> ● Hold policy dialogues, including a meeting of Japanese and African ministers in charge of science and technology, for promoting science and technology cooperation between Japan and Africa 	GoJ (CAO)	GoJ (CAO) : Hold a Japan-Africa Science and Technology Ministers' Meeting and some forms of dialogue with African countries	<ul style="list-style-type: none"> ●GoJ (CAO): Held the First Japan-Africa Science and Technology Ministers' Meeting with the participation of ministers responsible for Science and Technology Policy of 32 African countries and the representatives of AU Commission and NEPAD Secretariat in Tokyo, Japan on 8 October, 2008. Ministers exchanged views on the direction of science and technology cooperation between Japan and African countries. [Chair's Summary and Participant List]
<ul style="list-style-type: none"> ● Extend cooperation in the field of education by means of uni-lateral, bi-lateral and third party's financial support 	GoV (Ministry of Education)	GoV: (i) receive 5 African students in university in the field of agriculture, (ii) dispatch 3 educational experts to help write textbooks	<ul style="list-style-type: none"> ●13 vietnamese education experts sent to Angola in 2008.
<ul style="list-style-type: none"> ● Extend technical cooperation on education by providing scholarships in degree level to two potential African countries for 5 person each 	TICA	RTG: for the year 2009, ca. \$ 150,000	<ul style="list-style-type: none"> ●On-going: TICA provides 3 scholarships to students from Botswana to study bachelor degree in Thailand and will provide another 2 scholarships in 2009.
<ul style="list-style-type: none"> ● Expand the number of Japanese government scholarship students from Africa 	GoJ (MEXT/MOFA)	GoJ (MEXT/MOFA): Expand the quota of Japanese government scholarship, to accept more than 500 students from Africa in next 5 years	<ul style="list-style-type: none"> ●GoJ (MEXT/MOFA): Expanded the quota of embassy recommendation for Africa (74→89) and accepted 160 students including students selected by university recommendation as the Japanese government scholarship students in 2008.
<ul style="list-style-type: none"> ● Based on the needs of developing countries, promotion of international joint research targeting global issues such as environment and energy, national disaster prevention and infectious disease control and envisaging future utilization of research outcomes 	GoJ (MOFA/MEXT)/JICA/JST	GoJ/JICA/JST: JICA and JST budget	<ul style="list-style-type: none"> The projects for "Science and Technology Research Partnership for Sustainable Development" started in fiscal year 2008. ●Egypt: Sustainable System for Food and Bio-energy Production under Water-saving Irrigation in the Egyptian Nile Basin (5 years) ●Gabon: Etudes des Maladies Infectieuses(Zoonoses) Communes aux Hommes et aux Primates dans et autour du Parc National de Moukalaba Doudou (5 years) ●Zambia: The Project for Development of Control Strategies against Emerging and Re-emerging Diseases in Africa (5 years)
<ul style="list-style-type: none"> ● Dispatch the Japanese researchers to universities/research institutions in African countries and implement joint research with young local researchers in order to resolve the global issues facing African countries 	GoJ (MOFA/MEXT)/JICA/JST	GoJ (MOFA/MEXT)/JICA/JST: JICA and JST budget	<ul style="list-style-type: none"> ●The detail system to dispatch researchers is being finalized. ●The implementation of the Projects for "Science and Technology Research Partnership for Sustainable Development"started.
Multi-sectoral approach			
<ul style="list-style-type: none"> ● Enhance life-skill education, including on prevention of HIV/AIDS and improvement of hygiene behaviors 	UNESCO	UNESCO: Assist 30 countries which are participating in the Global Initiative on HIV/AIDS and Education (EDU/AIDS) with a focus in Eastern and Southern Africa in implementing activities related to the development of comprehensive national responses	
<ul style="list-style-type: none"> ● Provide School feeding or food for schooling to girls 	WFP	WFP: Provide school meals to 23 million children in 45 African countries who attend School hungry by 2013 in cooperation with NGOs and national governments	
Others			
<ul style="list-style-type: none"> ● Enhance public-private partnership to effectively coordinate between ODA and private resources and foster private contribution to education 	UNESCO/World Economic Forum (WEF)	UNESCO/WEF: Promote the Partnership for Education initiative to foster private sector contributions to education through Multi-stakeholder Partnership	<ul style="list-style-type: none"> ●Monitoring and evaluation of partnerships Manual under preparation, to be launched in January 2009. ●Report on how to engage teachers in partnerships under preparation, to be launched at the end of 2009. ●Finalization of specific portal and database to showcase partnerships in education worldwide. ●Workshop on capacity development held on 5 September 2008 with representatives from international civil society and private sector organizations and governments.

3. Health

GoJ(MOFA)/
JICA

GoJ (MOFA)/JICA: grants and technical assistance out of ¥43 billion on health (*)

●Exchanged Notes of Grant Aid Cooperation in 2008 (Total: 18 projects, 18 countries, JPY8.271B)

- The Project for Infectious Diseases Prevention for Children in Angola (through UNICEF) JPY449M on 6 June
- The Project for Prevention of Infectious Diseases IV in Cote d'Ivoire JPY298M on 9 July
- The Project for Infectious Diseases Prevention and Control for Children in the D.R.C. (through UNICEF) JPY399M on 20 June
- The Project for Infectious Diseases Prevention for Children in Nigeria (through UNICEF) JPY836M on 20 June
- The Project for Infectious Diseases Prevention and Control for Children in the Republic of the Sudan (through UNICEF) JPY618M on 12 August
- The Project for Extension of the Expanded Program on Immunization in Madagascar JPY228M on 12 June
- The Project for HIV/AIDS Control in Tanzania JPY230M on 19 Nov
- The Project for Polio Eradication Initiative in the Republic of Chad (through UNICEF) JPY218M on 20 Oct.
- The Project for Improvement of Infrastructure and Equipment of Training Schools for Health Personnels in Mozambique JPY1.05B on 4 July.
- The Project for Infectious Diseases Prevention for Children in the Republic of Zimbabwe (through UNICEF) JPY221M on 23 January 2009
- The Project for Malaria Control in Niger JPY410M on 21 January 2009
- The Project for HIV/AIDS Control in Kenya JPY 0.335B on 28 January 2009

- The Project for Support to Child-Friendly Environments through Community Participation in Western Province, JPY0.67B to Rwanda on 30 January 2009
- The Project for Support to Child-Friendly Environments through Community Participation in the Savanes, Kara and Maritimes Regions, JPY0.458B in Togo on 3 February 2009
- The Project for Reinforcement of Vaccination System, JPY0.146B to Mali on 6 February 2009
- The Project for Prevention and Control of Infectious Diseases (through UNICEF), JPY0.266B to Sierra Leone on 11 February 2009
- The Project for Water Supply in the Region of Central and Central-Southern Plateau, JPY0.067B to Burkina Faso on 17 February 2009

●Projects of Technical Assistance in 2008 (Total: 7 projects, 7 countries)

[\[More information\]](#)

- Egypt: Promotion of school health services in Upper Egypt
- Ethiopia: Project for Improving Maternal and Child Nutrition status
- Senegal: Reinforcement of Mother and Child Health Care in Tambacounda
- Sudan: Human Resource Development for Health
- Nigeria: Project for Improvement of Maternal /Reproductive Health
- South Africa: Capacity Building in Medical Equipment Maintenance and Management for Southern Africa
- Burundi: the Project for Strengthening Capacities of Prince Regent Charles Hospital and public Health Centers in Bujumbura City for Improvement of Mother and Child Health

●Grant Contract for Grant Assistance for Grass-roots Human Security Projects in 2008

(17 projects, 8 countries, JPY 0.13B)

- The Project for Improving Primary Health Care Services through Equipping Health Centres in Nebbi District, JPY 0.010B to Uganda on 12 August 2008
- The Project for Construction of Training Centre for Strengthening Midwives' Capacity, JPY 0.010B to Uganda on 12 August 2008
- The Project for Construction of Maternity Ward at Tapac Health Centre, JPY 0.008B to Uganda on 12 August 2008
- The Project for Medical Checkup Vehicle in North Sinai, JPY 0.010B to Egypt on 12 August 2008
- The Project for rehabilitation of the medical equipments in the Panzi Hospital, JPY0.005B to DRC on 18 December 2008
- The Project for rehabilitation of the mental disordered children centre in Senegal, JPY0.004B on 18 November
- The Project for Construction of Operating Theatre at Rondo Hospital in Lindi District, Lindi Region, JPY 0.010B to Tanzania on 19 May 2009
- The Project for Construction of Operating Theatre at Chalenze Health Centre in Bagamoyo District, Coast Region, JPY 0.008B to Tanzania on 19 May 2009
- The Project for Expansion of Mlowa Dispensary in Iringa District, Iringa Region, JPY 0.010B to Tanzania on 6 November 2009
- The Project for Construction of Igaga/Itilima Dispensaries in Kishapu District, Shinyanga Region, JPY 0.010B to Tanzania on 13 November 2009
- The Project for Construction of Homboza Dispensary in Kisarawe District, Coast Region, JPY 0.010B to Tanzania on 13 November 2009
- The project for providing new medical equipments in the Mère-Enfant Tsaralalàna Hospital, JPY 0.007B to Madagascar on August 26 2008
- The project for rehabilitaion of a clinic and of a youth centre in Antsampandrano Fokontany, JPY 0.010B to Madagascar on November 20 2008
- The Project for Construction of Sickbay and Provision of Medical Equipment in Zwavelpoort, JPY 0.005B to South Africa on 18 September 2008
- The Project for Provision of Ambulance in Maboloka, JPY 0.002B to South Africa on 17 October 2008
- The Project for Community Dentistry in Hammanskraal, JPY 0.001B to South Africa on 26 November 2008
- The Project for Construction of Health Post in Ambrosio, Boane, Maputo, JPY0.010 to Mozambique on 25 July 2008

Preparatory study missions in FY 2008/2009: 7 missions

<p>● Improve the provision of health services, including through expansion of health infrastructure and facilities</p> <p>● Enhance health management and-monitoring of health services, with a special focus on MDGs 1,4,5 and 6</p>	GoJ (MOFA)/WBG/EC/GoV	GoJ (MOFA): improvement of 1,000 hospitals and health centers	
		WBG: Expand programs for maternal and child health, malaria, tuberculosis and HIV/AIDS, and strengthening health systems. Specific targets to be identified. WB current funding levels of \$ 648 million	●Health sector data collection and analysis is underway in several African countries as a first step in designing country-based health systems strengthening programs.
		GoJ/WBG: (i) support establishment of a new multi-donor trust fund for malnutrition (Japan's contribution \$ 2 million) and (ii) set up a special grant window of \$ 20 million in the JSDF(Japan Social Development Fund) to enhance health management and monitoring of health services	
		EC: € 493.1 million direct support for health in African countries under the European Development Fund next 5 years	
		GoV: Extend the stay and dispatch of 100 new experts and 30 experts to Africa each year (2007-2010)	●In 2008, the Vietnamese Ministry of Health extended the mandate to more than 100 Vietnamese medical experts working in Angola and dispatched 17 others to Mozambique. It is expected that 50 experts will be dispatched to Angola and 30 others to Mozambique in 2009.
● Support the provision of integrated, community-based approaches to delivering a package of high impact, low cost, health and nutrition interventions for MDGs 1,4,5 and 6	UNICEF	UNICEF: Implement interventions such as vitamin A supplementation, de-worming, nutrition screening, Oral Rehydration Salt (ORS), Zinc supplementation and childhood immunizations in 47 African countries	●On-going in 47 African countries.
● Support training and retention of health and medical workers, including Skilled Birth Attendants	GoJ (MOFA)/JICA	GoJ (MOFA)/JICA: training of 100,000 health and medical workers	●Third country training and in-country trainings were provided in 4 countries such as South Africa, Botswana, Lesotho and Malawi
● Promote community health care in Africa	The Japan Medical Association as a member of the World Medical Association	JMA: i) Make efforts to promote cooperation with the African region based on organizations such as the African Medical Association consisting of 25 member countries, ii) Attempt to improve the gynecological field in Senegal by a Japanese Takemi fellow from the Takemi Program at the Harvard School of Public Health in Boston	
● Improvement of child health	GoJ (MOFA)/UNICEF and other health related organizations	GoJ (MOFA)/UNICEF and other health-related organizations: save the lives of 400,000 children	<p>●Japanese grant aid projects through UNICEF, after TICAD IV (Total: 7 projects, 7 countries, JPY3.04B)</p> <ul style="list-style-type: none"> - The Project for Infectious Diseases Prevention for Children in Angola: JPY449M on 6 June - The Project for Infectious Diseases Prevention and Control for Children in the D.R.C.: JPY399M on 20 June - The Project for Infectious Diseases Prevention for Children in Nigeria: JPY836M on 20 June - The Project for Prevention of Infectious Diseases IV in Côte d'Ivoire: JPY298M on 10 July - The Project for Infectious Diseases Prevention and Control for Children in the Republic of the Sudan: JPY618M on 12 August - The Project for Polio Eradication Initiative in the Republic of Chad: JPY218M on 20 October - The Project for Infectious Diseases Prevention for Children in the Republic of Zimbabwe (through UNICEF) JPY221M on 23 Jan.
● Scale-up results-based financing for health, and buy-down approach for IBRD loans in partnership with private foundations. Increase support to private sector provision of health care and to government departments responsible for regulating private health care providers	WBG/EC	WBG: Buy-down projects in an additional 8 countries	
		EC: Result-based financing is provided through €3,441,3 million in general budget support for African countries over next 5 years which includes health-related indicators	●16 African countries are about to benefit from general budget support interventions (including under its new modality "MDG-Contract") which the EC has prepared throughout 2008, for a total amount of approximately € 2,150 billion.
● Support research and policy dialogue on HIV/AIDS and care	GoJ (MOFA)/UNDP/EC	GoJ:support pilot initiative through JAPAN-UNDP Partnership Fund UNDP: Pilot initiative underway	●'Creating, enabling policy and institutional framework for effective home-based care' Project: On-going. Survey tools developed and tested. Qualitative resesarch at the grass roots level underway.
		EC: Estimated EC/EU support for the European& Developing countries Clinical Trials Partnership (EDCTP), which focus on HIV/AIDS, Tuberculosis and malaria amounts to €500 million for 2008-2013	<p>●EDCTP uses a number of Key Performance Indicators (for 2008, up to September):</p> <p>Value of grants signed (€): 19,696,000</p> <p>Numbers of clinical trials approved:40</p> <p>Capacity building activities in Africa:106</p> <p>African countries involved in EDCTP activities: 26</p> <p>African institutions involved in EDCTP activities: 123</p> <p>African project coordinators: 67%</p> <p>Annual MS co-funding of EDCTP activities (€): 34,449,265</p> <p>●EDCTP expenditure:</p> <p>African (€) 15,432</p> <p>European (€) 6,832</p>

<ul style="list-style-type: none"> Strengthen control and elimination of Neglected Tropical Diseases (NTD), through greater access to rapid impact interventions and optimal use of resources through integrated vector management 	GoJ (MHLW/MOFA)/JICA	GoJ (MOFA)/JICA: grants and technical assistance out of ¥43 billion mentioned above(*) GoJ(MHLW): planning FY 2009 to increase/provide budget to WHO to strengthen control and elimination of NTD in Africa	<ul style="list-style-type: none"> Niger: School Health Programme was introduced in Tahoua province. Benin: School teachers were trained in deworming in Littoral district along national deworming programme. Ghana GuineaWorm Control Programme was introduced.
<ul style="list-style-type: none"> Scale up efforts to fight HIV/AIDS, Tuberculosis and Malaria 	GoJ (MOFA)/JICA/EC	GoJ (MOFA)/JICA: grants and technical assistance out of ¥43 billion mentioned above(*) GoJ (MOFA): pledge and disburse financial contribution of \$ 560 million to the Global Fund * Not including GoJ (MHLW) contribution to UNAIDS EC: Pledged support for the Global Fund to Fight AIDS, Tuberculosis and Malaria for 2008-2010 of a total of € 300 million(**)	<ul style="list-style-type: none"> Zambia: Development of National Mobile ART Guideline is technically supported. Zambia: Technical cooperation for quality assurance is provided to national and provincial hospitals. Tanzania: Teaching materials of VCT and STI were developed for use by health workers, and STI trainings were provided. South Africa: M&E modules and manuals on HCBC were developed, and HCBC trainings were provided. Projects of technical assistance are also provided in Kenya, Botswana, Senegal, Ghana, Madagascar and Mozambique. Burundi, Ethiopia, Kenya, Sudan, Tanzania and Uganda: Third country training programme for HIV/TB co-infection control were provided in Egypt.
<ul style="list-style-type: none"> Promote measures against infectious diseases – Prevent the spread of HIV through education 	UNESCO	UNESCO: Assist 30 countries which are participating in the UNAIDS Global Initiative on Education and HIV & AIDS (EDUCAIDS) with a focus in Eastern and Southern Africa in implementing activities related to the development of comprehensive national responses	
<ul style="list-style-type: none"> Encourage and recognize medical research and exemplary medical service practices combating infectious diseases and strengthening health systems in Africa through the Hideyo Noguchi Africa Prize 	GoJ (CAO)	GoJ (CAO) : planning FY 2009 and FY 2011 to hold symposiums in cooperation with WHO	
<ul style="list-style-type: none"> Further pursue the 'Program of Founding Research Centers for Emerging and Reemerging Infectious Diseases' commenced in 2005 and strengthen the network between domestic and overseas research centers in countries at high risk of emerging and reemerging infectious diseases to minimize the potential threats to lives caused by these diseases 	GoJ (MEXT)	GoJ (MEXT): (i) create research system in Japan involving Japanese universities and research institutions with high research potential on emerging and reemerging infections, (ii) conduct collaborative research with researchers at some overseas collaboration centers in Africa, (iii) strengthen the network between Japanese and overseas research centers for active joint research, (iv) develop human resource through conducting joint research	<p>GoJ (MEXT):</p> <ul style="list-style-type: none"> (i) Started to connect the network between research centres of universities and institutions in Japan. (ii) Hokudai Center for Zoonosis Control in Zambia (HUCZCZ) was launched with the opening ceremony on 6 August 2008. Collaborative research projects were started between University of Zambia and Hokkaido University. In Ghana, Collaborative Research Center on Emerging and Reemerging Infectious Diseases is under founding. The research center will start preliminary research in fiscal year 2008. (iii) and (iv) Continues collaborative research and development of human resource through the network.
<ul style="list-style-type: none"> Send Japanese researchers to African universities and research institutions and promote joint research 	GoJ (MEXT/MOFA)/JICA/JST	GoJ (MEXT and MOFA)/JICA/JST:JICA and JST budget	<ul style="list-style-type: none"> The detail system to dispatch researchers is being finalized. Zambia: The Project for Development of Control Strategies against Emerging and Re-emerging Diseases in Africa was started.
<ul style="list-style-type: none"> Transfer technology and know-how in low-cost anti-Malaria drug production in a potential African country 	RTE	RTG: for the year 2009, ca. \$ 85,000	<ul style="list-style-type: none"> The Project on the transferring of technology on the production of antimalarial drugs in Burundi is divided into 3 phases : First phase (10-17 May 08) - Fact-finding / Second phase (11-26 July 08) - Technology transferring to 8 Burundi officers at the National Institute of Public Health to produce artesunate suppositories / Third phase (23 Aug-22 Sep. 08) - Technology transferring to 5 Burundi officers at the National Institute of Public Health to produce artesunate tablets and amodiaquine tablets which are later named after Thailand and Burundi as "THAIBURAR" and "THAIBURAM" successively. Budget: 85,000 USD
<ul style="list-style-type: none"> Support public health system and mobile medical team in rural areas of a potential African country 	RTE	RTG: for the year 2009, ca. \$ 16,000	<ul style="list-style-type: none"> This is the continual project started since 2005. In 2008 the Royal Thai Embassy in Dakar, in cooperation with Aristide le Dantec Hospital and Centre Hospitalier National Univeritaire de Fann arranged medical mobile units to the suburb and rural areas of Senegal, altogether 8 trips and there had been 878 patients received the service. The project is going on in 2009. The Embassy is coordinating with partner organizations to arrange the medical team tour.
<ul style="list-style-type: none"> Support for private provision of health care 	WBG	WBG: support private sector provision of health care through IFC initiatives. IFC target is \$ 1 billion investment and Technical Assistance (TA) funds over the next 5 years, 40% from IFC, remainder from other partners, including local banks in Africa, development financial institutions (DFIs), foundations, and the private sector	<ul style="list-style-type: none"> IFC is working to identify partners for programs to provide private health care services in African countries.

(*) Above-mentioned figures do not include Non-Project Grant, Food Aid, Emergency Grant, Grant of specific fields like the Grant Aid for Fishery, etc.

(**) EC: Global Fund allocations are not earmarked by region or diseases, but based on country demands - in round 5 African countries received 55% of the grants, and 58% went to HIV/AIDS. In addition, AIDS is addressed as a cross-sectoral priority in EC development cooperation, and mainstreamed in all sectors, notably health, education, transport, etc.

Consolidation of Peace and Good Governance			
Proposed Measures by Japan/Implementing Partners	Implementing Partners	Potential Resources, Possible Contributions	Current Status of Implementation
1. Consolidation of Peace			
<ul style="list-style-type: none"> ● Provide support for addressing humanitarian crises and consolidating peace 	GoJ/Various international organizations and UN organs/WBG	GoJ: continue to duly assist African countries (\$ 763.4 million (FY 2003-2007)) in addressing humanitarian crises and consolidating peace	<p>Emergency Grant Aid</p> <ul style="list-style-type: none"> ● Democratic Republic of the Congo: Provision of relief supplies, food, water and better sanitation to internally displaced persons in the DRC(US \$ 7 million through UNHCR, WFP and UNICEF) (August,2008) [More information] ● Zambia: Emergency Grant Aid for the 2008 Presidential Election (aprox. US \$1.2million) (October, 2008) [More information] ● Zimbabwe: Assistance for the fight against the large-scale cholera outbreak(US\$1.5 million through UNICEF) (December, 2008) [More information] <p>Grant aid for peacebuilding</p> <ul style="list-style-type: none"> ● Burundi: Programme for the Sustainable Reintegration of Ex-Combatants (aprox. US\$2 million) (February, 2009) ● Sudan: Disarmament, Demolization and Reintegration Programme (aprox. US\$ 17 millions) (January, 2009) [More information] ● Kenya: The Programme for Shelter and Livelihoods for Peace and Reconciliation (aprox. US\$6 million) ● Liberia: Enhancement of Armed Violence control programmes (aprox. US\$ 1.4million) (January, 2009) ● Liberia: Project for Rehabilitation of the Liberian-Japanese Friendship Maternity Hospital (aprox. US\$ 3.2million) (January, 2009) <p>Japan-NGO Grant Aid in FY 2008</p> <ul style="list-style-type: none"> ● Angola: Demining programme in the province of Bengo ● Djibouti: Project to strengthen the referral system for Somali and Ethiopian Refugees ● Liberia: Voinjama Multilateral High School, Vocational Training Department Reconstruction Project ● Sudan: Construction of Boreholes and Training for Hand-pump Repair in Jonglei State ● Sudan: Management of Waystation in Upper Nile State, Southern Sudan ● Sudan: Improvement of School Water Sanitation and Hygiene in Central Equatoria State <p>UN Trust Fund for Human Security</p> <ul style="list-style-type: none"> ● Ghana: Enhancing Human Security through Developing Local Capacity for Holistic Community- Based Conflict Prevention (aprox. US\$ 3.1 million) (May 2008) ● DRC: Integrated Community Empowerment and Peace-Building Support Project in Ituri (aprox. US\$ 5.1million) (August 2008) <p>Japan Social Development Fund</p> <ul style="list-style-type: none"> ● Sierra Leone: Conditional Cash Transfer Pilot(2008, aprox. US\$ 2million)[PHRD] ● Central Africa: Local Development Project (2008, US\$ 0.37million) <p>Japan-UNDP Partnership Fund</p> <ul style="list-style-type: none"> ● Guinea-Bissau: Strengthen national capacities for youth professional and technical training (US\$ 0.3 million) (November, 2008) <p>● UNDP : Somalia: Strengthening Peace/Security in South Somalia (US\$ 4million) (2008~)</p> <p>AU Peace Fund</p> <ul style="list-style-type: none"> ● AU : Assistance for the 4th meeting of Panel of the Wise of the AU (US\$51,312) (in Nairobi, November 28-29, 2008) ● AU : Assistance for the operating cost of the AU office in Mogadish and Nairobi (2009, aprox. US\$ 0.5million) <p>Supplementary Budget for 2008 of GoJ</p> <ul style="list-style-type: none"> ● Sudan: Assistance for the Capacity development of the Police service in the Government for Southern Sudan (GoSS) (US\$2million)(2009-) ● Great Lakes region and Horn of Africa: Enhancing human security in the Great Lakes region and Horn of Africa by preventing proliferation of illicit small arms through practical disarmament (US\$ 2millions) (2009-) <p>Contribution to humanitarian related International organizations (earmarked for Africa) in FY2008</p> <ul style="list-style-type: none"> ● ICRC (aprox. US \$ 0.57million) ● UNHCR (aprox. US\$ 28.25 million) ● WFP (aprox. US\$1.3million) <p>Other Funds</p> <ul style="list-style-type: none"> ● Chad: Capacity building and Technical Assistance for the Management of HIV/AIDS prevention and care programme for refugees in Southern Chad

● Provide support for addressing humanitarian crises and consolidating peace	GoJ/Various international organizations and UN organs/WBG	GoJ: continue to duly assist African countries (\$ 763.4 million (FY 2003-2007)) in addressing humanitarian crises and consolidating peace	In order to encourage private sector contribution in peacebuilding efforts, the following seminars were held; ●GoJ(MOFA)/international organizations, etc : Held a humanitarian assistance seminar targeting private companies' personnel in charge of CSR in July 2008 (Tokyo). Approximately 170 people participated. ●GoJ(MOFA)/international organizations/local government, etc :Held a seminar targeting general public in November 2008 (Hiroshima). Approximately 150 people participated.
		UNV: deployment of UNV volunteers and UNV support for national capacity in crisis management and consolidation of peace (UNV: \$ 3.2 million)	On-going: ●Kenya: UNV support to Kenya Early Recovery through Neighborhood Volunteers (\$0.6million) ●Guinea Bissau, Togo, Liberia, Sierra Leone, Côte d'Ivoire: UNV support to Young Ambassador for Peace Project with the Economic Community of West African States (ECOWAS) (0.8 million) ●Liberia: UNV support to Pilot National Youth Volunteer Service (\$1.66million) ●Deployment of UNV volunteers to the 17 UN Special Political missions and PKO missions in Africa (as of September 2008: 2,234 UNV volunteers in situation.)
		WBG: scale-up assistance for transition from war to peace and post-conflict recovery and reconstruction, including support for demobilization and reintegration, rehabilitation of infrastructure, health and education facilities, and assistance to small-scale enterprises and agriculture to promote economic expansion	
● Support African Peace Facility	EC	EC: Provide € 600 million under the 10th EDF for African Peace Facility next 5 years	●EC has provided € 300M from the 10 th EDF to the African Peace Facility for the period 2008-2010. An additional amount of € 300M has been put in reserve for subsequent APF financing.
● Support PKO centers in Africa	GoJ/UNDP/UNE SCO	GoJ: provided \$ 15.5 million to five PKO centers in Africa under its Peacekeeping Support Program (projects are now underway) and will support the sharing of experiences between Asia and Africa	●UNDP through 2007 Supplementary Budget: (i) PKO Center Project (\$15.5 million (in total), Egypt (\$2.94 million), Kenya (\$3.56 million), Ghana (\$2.5 million), Mali (\$2.5 million), Rwanda (\$3 million), (Malaysia \$1million): Current status: On-going (Facility rehabilitation, equipment provision, etc) ●Japanese experts were dispatched to the PKO centres in Ghana and in Egypt. [More information]
		GoJ: provided \$ 1.5 million to enhance the capacity of non-governmental organizations engaging in peacebuilding (project is now underway)	●Assistance through the Japanese Funds-in-Trust for the Capacity-building of Human Resources Current Status: On-going (Secretariat launched, project formulation, etc) [More information]
2. Good Governance			
● Strengthen economic and corporate governance of African countries through the NEPAD-OECD Africa Investment Initiative	GoJ/NEPAD-OECD	GoJ: consider providing support for the NEPAD-OECD Africa Investment Initiative. [GoJ provided € 600 thousand for the NEPAD-OECD Africa Investment Initiative FY 2005-2007]	●In 2008 GoJ contributes 200 thousands Euros for NEPAD-OECD African Investment Initiative. GoJ supports the extension of the Initiative for three more years from 2009-2011.
● Support the implementation of the Program of Action of APRM Country Review Report	GoJ/UNDP	GoJ: launch an initial project which supports the implementation of the Program of Action of APRM Country Review Report through the Japan-UNDP Partnership Fund	●Capacity Development for Pro-Poor Private Sector-Led Growth through Enhancing Corporate Governance' project: on-going.
● Support Good Governance Incentive tranche of the 10th EDF	EC	EC: € 2.7 billion under the 10th EDF for ACP states over next 5 years	●67 ACP countries put forward Plans of reform and received financial incentives, from the "€ 2,7 billion reserve", to top up their respective "country allocations". A review of this instrument is finalized and a report, which is now available, is being discussed in the Council with EU Member States.

Addressing Environment/Climate Change Issues			
Proposed Measures by Japan/Implementing Partners	Implementing Partners	Potential Resources, Possible Contributions	Current Status of Implementation
1. Mitigation			
● Support active participation by African countries in the UNFCCC process to formulate an effective post-2012 framework, in which all major emitting countries take actions and work together, based on the Bali Action Plan	GoJ/EU	GoJ: Support by "Cool Earth Partnership"(*) EU: "Global Climate Change Alliance"(**)	● Refer to the below '2. Adaptation: 'Japan-UNDP Joint Framework'. ● 4 pilot countries selected in 2008 (Maldives, Vanuatu, Cambodia and Tanzania) ; programmes under identification for implementation starting end 2009/2010 ● Agreements signed with Sweden, in preparation with Czech Republic for additional funds. ● 2009: selection of new countries and preparation of programmes of activities.
● Support development and use of clean energy, including solar energy, through sector strategy and policy formulation and investment in renewable energy	GoJ/WBG	GoJ: Support by "Cool Earth Partnership" (*) WBG: to co-finance key regional hydropower projects IFC: \$ 4-5 million investment in clean energy developed under the Africa off-grid lighting programme and joint facilities for sustainable energy investments with up to \$ 100 million on IFC's own account	GoJ (METI): ● Establishment of "Japanese Business Alliance for Smart Energy Worldwide" on 30 October, 2008. Consultation about business in Africa at Photovoltaic Power generation WG. [More information] ● Field survey about the photovoltaic power generation in Kenya, Madagascar and others by The Institute of Energy Economics, Japan from October 30 to 7 November, 2008.
● Support investments in sustainable land and forest management and identification of emission reductions and carbon finance opportunities from REDD(Reducing Emissions from Deforestation and Forest Degradation in Developing Countries)	GoJ/WBG	GoJ: Support by "Cool Earth Partnership" (*) WB: help access to Forest Carbon Partnership Facility and Climate Investment Funds	● The Bank has supported the inclusion of 10 in Africa countries into the FCPF (Cameroon, the Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Kenya, Liberia, Madagascar, Republic of Congo and Uganda).
● Support the development of and access to basic information on forest resources to encourage sustainable forest management	GoJ (MEXT)	GoJ(MEXT): Provide ALOS(Advanced Land Observing Satellite)/PALSAR data of Africa that can be used for forest management	GoJ (MEXT): ● Japan Aerospace Exploration Agency (JAXA) is providing PALSAR image of the whole African continent on the Internet from July 2008. JAXA is planning to update the image regularly and to release higher-resolution images. [More information]
● Conserve and rehabilitate forests surrounding refugee camps suffering from deforestation	GoJ (MAFF)	GoJ (MAFF): (i) formulate a technical manual for conservation and rehabilitation of forests for three African countries (FY 2008), (ii) project duration (FY 2006-2010)	GoJ (MAFF): ● Dispatched two investigation teams. 1) To Kenya and Ruanda in August, December 2008 and February 2009. 2) To Tanzania in September 2008 and February 2009. Both teams carried out forest conservation and rehabilitation activities with participation of local people.
● Support implementation of projects to promote sustainable forest management in Africa	GoJ (MOFA)/ITTO	GoJ (MOFA): Provide financial assistance for the implementation of ITTO projects in the field of sustainable forest management in Africa	● Projects pledged at the Inter-sessional meeting of ITTO (9-12 June 2008, Accra) · Côte d'Ivoire: "Forest Seeds Management and Conservation"(US\$ 912,764) · Ghana: "Conservation and Utilization of Medicinal Plants in Ghanaian Forests Fringe Communities"(US\$ 399,138) · Togo: "Study for the Conservation, Land Management and Sustainable Mountain Biodiversity Management in the Center North Region of Togo" (US\$ 52,358) ● Projects pledged at the 44th Council Session of ITTO (3-8 November 2008, Yokohama) · Ghana: Timbers of Tropical Africa Part 2: Group 7(2) within the PROTA Programme (\$596,419) · Liberia: Reviving Forestry Education in Liberia (\$212,522) · Liberia: Development of the National Reforestation Policy and Afforestation Strategy Consistent with the Liberian 3C-Approach (\$68,310)
● Support the provision of affordable and clean energy for lighting African Human Settlements	UN-HABITAT	UN-HABITAT: support the project through UN-HABITAT Water and Sanitation Trust Fund (\$ 1 million)	(i) Feasibility study for the construction of a micro-hydro power plant is underway; (ii) 200 water kiosks and public toilets will be provided with small solar powers lighting system to extend their operation at night; (iii) Feasibility studies for the construction of biogas plants to generate energy from organic waste in 12 cities and town is being carried out; (iv) Rapid feasibility studies on micro-hydro potentials in other towns within the Lake Victoria region is under development. This project is targeted the construction of micro-hydro power plants in town with rivers to generate affordable energy supply for water pumping stations and other productive uses.
● Support the promotion of biofuel production compatible with food security	GoJ(MAFF)	GoJ(MAFF): Examine the possibility of biofuel production compatible with food security in Africa (¥6 million FY 2008)	GoJ (MAFF): ● On-going: Study on potential of production and utilization of Jatropha(biofuel) in Africa.

(*) "Cool Earth Partnership" is composed of a total of \$ 10 billion to be disbursed globally over five years starting from 2008.

(**) "Global Climate Change Alliance" is a comprehensive policy with some funding of ca. € 50 million for a selected number of pilot countries starting from 2008.

2. Adaptation			
● Support disaster prevention and management capacity (focus on droughts and floods and main vulnerable countries)	GoJ/WBG	GoJ: Support by "Cool Earth Partnership" (**) WBG: undertake country needs assessments, provide estimated funding of \$ 75 million for activities in African countries under Global Facility for Disaster Reduction and Recovery and Adaptation to Climate Change in Arid Lands initiatives in coming year. IFC to undertake adaptation pilot studies for potential investment	●The project for Community-based Flood Disaster Management to Adapt to Climate Change in the Nyando River Basin in Kenya under preparation. ●World Bank already secured a number of GFDRR grants in several African countries (Mozambique, Malawi, Ethiopia, Madagascar) and regional climate institutions (ACMAD: African Center of Meteorological Application for Development).
● Support the formulation of water resource management plans including (i) key hydrological assessments, (ii) flood risk management and (iii) appropriate water management technology initially focus on the countries under water stress	WBG	WBG: \$ 306 million for flood risk management and preparedness in FY 2008	●Programs underway include the Eastern Nile countries (Ethiopia, Sudan and Egypt).
● Support African countries' efforts for addressing and adapting to climate change at national, sub-national and community levels, under the Japan-UNDP Joint Framework for Partnering to Address Climate Change in Africa	GoJ (MOFA)/UNDP/GEF	GoJ (MOFA): provide funds of \$ 92.1 million as a part of the Japanese "Cool Earth Partnership"	●UNDP(UNICEF/WFP/UNIDO): Support Integrated and Comprehensive Approaches to Climate Change Adaptation in Africa, under "Japan-UNDP Joint Framework.": project approved for funding. ●Japan and UNDP decided to implement the program for climate change adaptation in Ethiopia, Ghana, Gabon, Cameroon, Kenya, Republic of Congo, Senegal, Nigeria, Namibia, Niger, Burkina Faso, Malawi, Mozambique, Morocco, Lesotho and Rwanda.
		UNDP/GEF: provide funds of \$ 31 million UNDP:carry out the programme	●Besides "Japan-UNDP Joint Framework," "Community Based Adaptation Project in Namibia and Niger", "CDM Capacity Development Project in Burkina Faso" and "Capacity Reinforcement of Clean Development Mechanism Projects in Rwanda under Kyoto Protocol "is on-going through Japan-UNDP Partnership Fund.
● Support an initiative to assist African Human Settlements combating climate change impacts	UN-HABITAT	UN-HABITAT: support the initiative (\$ 3 million)	●Utilising the Norwegian funds; Uganda (Kampala) and Mozambique (Maputo); have been selected through a detailed strategic selection criteria and through internal consultations, Beira will be included in next phase. ·Kampala: A national and city situational analysis has started and is expected to be completed by end of January 2009. · Maputo: On-going municipal elections contributed to delays in setting up meetings with the City level actors. A key-stakeholders meeting is scheduled for November, when the new city municipality key actors are in office, to draft the road map for implementing CCCI in Maputo. Nigeria (Lagos), Senegal (Dakar) and other cities will be included while funds are being received.
3. Water and Sanitation			
	GOJ(MOFA)/JICA/WBG	GoJ (MOFA)/JICA: grants and technical assistance out of ¥30 billion on water and sanitation (*)	<p>●Exchange Note for Grant Assistance in 2008 (Total: 9 projects, 8 countries, JPY4.022B)</p> <ul style="list-style-type: none"> - The Project for Water Supply in Sikasso Region, JPY1.02B to Mali on 19 May - The Project for Rural Water Supply in Tigray Region, JPY773M to Ethiopia on 9 June - The Project for Water Supply Development around the Metropolitan area, JPY887M to Tanzania on 27 June - The Project for the Groundwater Development in Luapura Province, JPY641M to Zambia on 4 July - The Project for Rural Water Supply in Oromia Region, JPY 0.028B to Ethiopia on 23 January 2009 - The Project for Augmentation of Water Supply System in Kapsabet Town, JPY 0.090B to Kenya on 28 January 2009 - The Project for Drinking Water Supply for the eradication of Guinea Worm in Tillabéri region to Niger - The Project for Support to Child-Friendly Environments through Community Participation in the Savanes, Kara and Maritimes Regions in Togo JPY0.458B on 20 February 2009 - The Project for Water Supply in the Region of Central and Central-Southern Plateau, JPY0.067B to Burkina Faso on 17 February 2009 <p>●Projects of Technical Assistance started in 2008 (Total: 4 projects, 4 countries)</p> <p>[More information]</p> <ul style="list-style-type: none"> - The Project for Human Resources Development for Water Supply, to Sudan - The Project for Improvement of Rural Water Supply Management and Hygiene Practice in Atsimo Andrefarna Region, to Madagascar - The Development Study on Water Resources Development and Management for Lake Kyoga Basin, to Uganda - Ethiopian Water Technology Center Project (Phase 3), to Ethiopia <p>□ Preparatory study missions in FY 2008/2009: 11 missions</p> <p>● Grant Contract for Grant Assistance for Grass-roots Human Security Projects in 2008 (5 projects, 4 countries, JPY0.04B)</p> <ul style="list-style-type: none"> - The Project for Hamancho Village Water Supply, Kembata Tembaro Zone, SNNPRS, JPY 0.010B to Ethiopia on 8 September 2008 - The Project for Water Supply and Non Formal Education in Enarej Enejaw Woreda, Amhara, JPY 0.010B to Ethiopia on 25 November 2008 - The Project for the Extension of Water Pipelines in South Tongu District, JPY 0.006B to Ghana on 14 January 2009 - The project of rehabilitation of the wells for drinking water in the central regions in the Republic of Congo, JPY0.010B on 17 September - The Project for Construction of Boreholes in Matola Gare, Matola, Maputo, JPY0.007 to Mozambique on 17 October 2008

		WBG: Target of providing water to 2.5 million people a year through 50,000 connections and 4,500 community water points, ensure that 75% of urban water utilities recover their operation and maintenance costs, and that 85% of the community water points are operational in 14 African countries with stand alone WBG water projects. Estimated increased funding allocated to water supply and sanitation (WSS) stand alone operations from \$ 878 million in IDA 14 to \$ 1.2 billion in IDA 15	
● Promote the development of water and sanitation facilities (e.g. wells including those with solar panels, and toilets)	GoJ (MOFA)/JICA	GoJ (MOFA)/JICA: provide safe drinking water to 6.5 million people	●The Water Security Action Team (W-SAT): Needs survey mission to Tanzania, Ethiopia and Senegal, 2-17 August 2008. ●W-SAT in 2008: 8 members, 3 countries
● Capacity building on water resources management	GoJ (MOFA)/JICA	GoJ (MOFA)/JICA: capacity building of 5,000 water managers/users	●Under counting
● Support delivering sustainable water and sanitation services to the poor	UN-HABITAT	UN-HABITAT: support the project through UN-HABITAT Water and Trust Fund (\$ 19 million)	●200 water kiosks have been built on public and private lands, privately operated using micro credit financed commercially from local saving mechanisms and banks. □South-south transfer of low-cost wind pump technologies in the Lake Victoria region through capacity building of local technicians and construction of 15 wind pumps. This project is targeted initially around 6000 people with increased access to water with 50 hand pumps and 15 wind rope pumps plus infrastructure and knowledge for local production and sales for further expansion.
4. Education for Sustainable Development (ESD)			
● Promote ESD through integration of ESD into policies and practices	GoJ (MOE/MEXT)/UNESCO/UNU	GoJ: Host an International Forum on ESD Dialogue 2008 in Tokyo	●The International Forum on ESD Dialogue 2008 took place in Tokyo from 3 to 5 December, to discuss concrete actions on the implementation of ESD activities with UNESCO member countries including Africa. The Conclusion and Recommendation for promoting ESD over the next five years was adopted by 350 participants from 39 countries including 6 African countries. [More information]
		GoJ (MEXT): Support UNESCO's Teacher Education Programme on ESD in Sub-Saharan Africa through Japanese Funds-in-Trust for Education for Sustainable Development	●The activity of Teacher Education (TE) in ESD in sub-Saharan Africa will be implemented through: ·Monitoring the current level of integration of ESD into TE policies and practice in Mali and Tanzania. ·Evaluating policies and practices designed to integrate ESD into the future development of TTISSA, including the review of good practices in TE in ESD. ·Evaluating the role of multi-stakeholders in current and future policies and practices designed to integrate ESD in TTISSA and building the commitment of senior decision-makers to the implementation of these policies and practices. ·Sensitive translation and development of innovative practices into effective case studies in ESD for use in TE learning materials and programmes in TTISSA. This activity is supported as JFIT-ESD Programmes.
		GoJ (MEXT): Implement Environmental Education for teachers in Africa through UNU (¥ 30 million)	●The single most important activity of the ESDA project in FY 2008 is a conference which brings together around 40 African and Japanese university-based experts engaged in research and education on sustainable development. The aim is to create an outline for the graduate-level programme on sustainable development in Africa and to provide critical guidance for finalizing the project document. □ Tentative programme for FY 2009 and 2010 is as follows: FY 2009: Program Development Phase <ul style="list-style-type: none"> • Elaboration of the over-all curricular framework for the programme, including its thematic structure • Establishment of the international structure for programme delivery, including setting up of ICT-backed instructional facility • Formation of inter-university network for the project, including establishment of collaboration protocol (e.g., academic accreditation, students enrollment, instructional contribution, exchange of instructors and students) FY2010: Program Synthesis Phase <ul style="list-style-type: none"> • To pilot-test the ESD instruction programme for the respective thematic area • To review the results of the pilot test and prepare a final report to be presented on the occasion of a Program Reporting Conference (at the end of Year 3) with the aim to exchange views on the results achieved and discuss the way forward. UNU is initiating the ESDA Project with a seed fund in the order of \$200,000 ~ 300,000 from GoJ (MEXT), combined with the knowledge, skills and experiences accumulated through its past work in the area of education and training for sustainable development.
		GoJ (MOE): Support environmental conservation grass-roots activities in developing countries including Africa through Japan Fund for Global Environment (at least ¥ 12 million to Africa)	●GoJ (MoE): Continue supporting environmental conservation grass-roots activities in developing countries including Africa through Japan Fund for Global Environment (at least ¥ 12 million to Africa). [More information]

(*) Above-mentioned figures do not include Non-Project Grant, Food Aid, emergency Grant, Grant of specific fields like the Grant Aid for Fishery, etc.

(**) "Cool Earth Partnership" is composed of a total of \$ 10 billion to be disbursed globally over five years starting from 2008.

Broadening Partnership			
Proposed Measures by Japan/Implementing Partners	Implementing Partners	Potential Resources to be committed	Current Status of Implementation
● Promote Asia-Africa cooperation, as well as Japan/Africa/Africa tri-angular cooperation	GoJ(MOFA)/JICA/UNDP/WBG/UNV	GoJ (MOFA)/JICA: hold seminars in Japan or in third countries and help Asian countries dispatch experts to Africa out of GoJ/JICA Budget	<p>□GoJ/UNDP/WBG: At the TICAD Co-organisers' Meeting and the TICAD Co-organisers + ADC Meeting, it was agreed that AABF V will be held between May and June 2009 in Africa, focusing on the tourism promotion in Africa.</p> <p>●UNDP: Capacity Development Workshops on "Investment Project Formulation and Appraisal for SME Entrepreneur in Africa" and "SME Financing for Banking Sector in Africa" were successfully held in Nigeria in April and in Uganda in Nov 2008, as a follow-up to AABF IV and in preparation for AABF V.</p> <p>[More information]</p>
		GoJ/UNV: dispatch Asian Volunteers to Africa (2006-2008: \$ 1.65 million)	
		GoJ/UNDP/WBG: hold the Fifth Africa-Asia Business Forum (AABF V), facilitated by capacity building component of the African SMEs and the banking sector, in the early part of 2009	
		WBG: facilitate South-South cooperation and promote knowledge sharing between African countries and emerging partners in Asia, and seek co-financing for high-priority projects in African countries from Asian partners	
● Train core productivity professionals in Africa for the expansion of the productivity movement and create mechanisms for the National Productivity Organizations in APO members to proactively initiate assistance for the productivity movement in Africa	APO	APO: Transfers expertise (resource persons and training materials) from Asia-Pacific Region to the productivity movement in Africa. Holds training program to create a pool of productivity professionals and organizes the tailor-made program for the development of National Productivity Organizations in Africa including study missions to the APO members and the dispatch of productivity experts to Africa	<p>●Expert Meeting on the Development of the Pan African Productivity Association (PAPA) and APO Productivity Partnership Program in Singapore (29-30 October 2008). The expert from the National Productivity Organizations (NPOs) of India, Malaysia, the Philippines, Singapore, and Thailand attended this meeting to formulate the draft program framework.</p> <p>●Basic Training Course on Productivity Practitioners in Johannesburg, South Africa (10 November-5 December 2008). This 4-week intensive course was organized to provide 25 staff of 5 PAPA members with the opportunity to acquire various basic tools and skills in productivity and to develop a productivity mindset.</p> <p>●The proposed new PAPA and APO Productivity Partnership Program were presented at the PAPA Board meeting on 5 December 2008. The PAPA Board meeting agreed to proceed with the new partnership program with the APO.</p> <p>□ This new partnership program will start with need identification, followed by a workshop and expert deputation from the NPOs of the APO.</p>
● Expand Asia Africa Knowledge Co-creation Program (AAKCP)	JICA	JICA: promote AAKCP in 12 countries for improving management	●In addition to original 8 countries (Eritrea, Uganda, Kenya, Tanzania, Nigeria, Malawi, Madagascar and Senegal), French-speaking countries such as Morocco, Mali, Benin, Burkina Faso, Niger, Burundi, and so on will be included. For new member countries, introduction training will be carried out from 15 March to 26 March 2009. +
● Promote effective technical transfer and capacity building through South-South Cooperation	GoJ(MAFF)	GoJ (MAFF): (i) Provide budget to FAO Trust Fund FY 2006-2011 (ii) Hold Training & Seminars for market access, small-scale irrigation, rice crop and aquaculture (¥101 million FY 2008)	(i) The budget to FAO Trust Fund on FY2008 was approved. (ii) On going as planned : the workshops on rice and aquaculture will be held twice in Burkina Faso and Uganda respectively for the purpose of the capacity development of government officials in Sub-saharan African LDC countries .
● Promote knowledge-sharing and joint research activities through establishing and utilizing the network of universities and research institutions within and between Asia and Africa in the fields of renewable energy, food security, health, gender in science and technology, etc	GoJ(MOFA)/UNDP/UNESCO	GoJ(MOFA)/UNDP/UNESCO: Through Japan Human Resources Development Fund, organize needs assessment study for Asia-Africa University Network (AADUN) . Based on the study, facilitate to launch concrete joint research activities in possible collaboration with other existing network in several areas such as renewable energy, food security, health, gender in science and technology in collaboration with University Twinning and networking scheme (UNITWIN) Networks and UNESCO Chairs	●Needs assessment study project: on-going.
● Continue to consider joint projects between Japan, Vietnam and an African country in the framework of trilateral cooperation based on the Strategic Partnership between Japan and Vietnam	GoJ(MOFA)/GoV/JICA	GoJ(MOFA)/JICA: JICA budget GoV: (i) send experts in the field of agriculture, (ii) expand models to other African countries	GoV: (i) send experts in the field of agriculture, (ii) expand models to other African countries. - Vietnam's agriculture experts are working in Mali (11), Madagascar (03), Republic of Congo (Brazzaville) (01). In 2008, 15 other Vietnamese agriculture experts were dispatched to Guinea Conakry in the framework of a trilateral cooperation project funded by the Republic of South Africa. It is expected that a team of 15 Vietnamese agriculture technicians will be sent to Mozambique in March 2009 in order to prepare the implementation of the agriculture cooperation project with Mozambique financed by JICA.

Assistance measures embodied after TICAD IV

Boosting Economic Growth-- Infrastructure			
Itemized focus areas of actions to be taken in the next 5 years under the TICAD Process	Implementing Partners	Assistance measures embodied after TICAD IV	Current Status of Implementation
Regional transport infrastructure, including roads and ports	GoJ(MLIT)	GoJ (MLIT) :Implementation of study and support for development of road infrastructure of African countries	<ul style="list-style-type: none"> ●Dispatch technical experts and investigate the current situation and challenges of the development of infrastructure including roads and examine what kind of support should be appropriate. (Kenya, Senegal) ●Dispatch technical experts and assist in formulating road development projects. (Tunisia and Gambia) ●Implement a study on policy measures to develop an international road network including road data development.
Boosting Economic Growth-- Agriculture			
Itemized focus areas of actions to be taken in the next 5 years under the TICAD Process	Implementing Partners	Assistance measures embodied after TICAD IV	Current Status of Implementation
Agriculture and response to high food prices (short term)	EC	EC: Establishment of 1 billion Euro facility for response to soaring food prices in African countries. 58% is planned to go to Africa, most of it (52%) benefitting 30 African countries and the remainder (6%) for measures at the regional level.	<ul style="list-style-type: none"> ●First measures will be taken in early March 2009
MDGs - Community Development, Education and Health			
Itemized focus areas of actions to be taken in the next 5 years under the TICAD Process	Implementing Partners	Assistance measures embodied after TICAD IV	Current Status of Implementation
Community Development	GoJ(MOFA)/JICA	GoJ(MOFA)/JICA:	<ul style="list-style-type: none"> ●Exchange Note for Grant Assistance in 2008 (Total:2 projects, 2 countries, JPY 1,128B) - The Project for Support to Child-Friendly Environments through Community Participation in Western Province, JPY 0.670B to Rwanda on 30 January 2009 - The Programme for Support to Child-Friendly Environments through Community Participation in the Savanes, Kara and Maritimes Regions, JPY 0.458B to Togo on 3 February 2009 □ Preparatory study missions in FY 2008/2009: 3 missions (including 1 mission on OVOP)
	ILO	ILO COOP Africa Challenge Fund (A financial facility to develop and promote cooperatives in Africa for poverty reduction)	<ul style="list-style-type: none"> ●A sub-regional seminar to link cooperatives with OVOP was held at ILO Tanzania Office from 21 to 22 August 2008. The JICA Malawi OVOP expert familiarized cooperative leaders and government officials from four East African countries (Kenya, Tanzania, Uganda and Burundi) with OVOP concepts. ●The four countries prepared action plans to introduce OVOP to their cooperative systems, possibly with JICA's technical support.
	GoJ(MOFA)/UNFPA	UNFPA: Eliminating Child Marriage in Burkina Faso: A Plan for Protection, Empowerment and Community Action	<ul style="list-style-type: none"> ●Human Security Fund - contribution: USD 1,037,979.05
Health	GoJ(MOFA)/UNFPA/APDA	UNFPA/APDA: G8 International Parliamentarians' Conference on Population and Sustainable Development-Global Health, Climate Change and the MDGs	<ul style="list-style-type: none"> ●Japan Trust Fund 2008 - contribution: USD 197,000
	GoJ(MOFA)/UNFPA	UNFPA:Reduction of Maternal Newborn Mortality in Liberia	<ul style="list-style-type: none"> ●Human Security Fund - contribution: USD 1,792,100
Consolidation of Peace and Good Governance			
Itemized focus areas of actions to be taken in the next 5 years under the TICAD Process	Implementing Partners	Assistance measures embodied after TICAD IV	Current Status of Implementation
Humanitarian and reconstruction assistance	UNHCR	UNHCR: provide additional financial support (\$ 0.7 million) to the Teachers Training Institute project in South Sudan (funded by GOJ's Grant Aid for Community Empowerment).	<ul style="list-style-type: none"> ● Construction of Teachers Training Institutes to train former Sudanese refugees to become school teachers, funded by GoJ's Grant Aid for Community Empowerment, is now being implemented by UNHCR in collaboration with Government of South Sudan, FAO, JEN(Japanese NGO), JICA, Norwegian Refugee Council, UNICEF and WFP.
Promotion of good governance	GoJ/UNDP	GoJ/UNDP: Support the promotion of good governance	<ul style="list-style-type: none"> ●Emergency Grant Aid totaling about US \$ 1.2 million through UNDP for the 2008 Presidential Election in Zambia for the procurement of materials necessary for election (Exchange of Notes on 29 October 2008). [More information]

Addressing Environment/Climate Change Issues

Itemized focus areas of actions to be taken in the next 5 years under the TICAD Process	Implementing Partners	Assistance measures embodied after TICAD IV	Current Status of Implementation
Mitigation	GoJ (MOE)	GoJ(MOE): Further implementation of Clean Development Mechanism (CDM)	● Adopted a proposal for feasibility study on CDM projects concerning biodiesel in Mozambique.
	ITTO	ITTO: Provide financial support to African member countries through its policy work	<ul style="list-style-type: none"> ● Contribution of US\$145,000 - African Regional Forum on Promoting Wood-based Bioenergy using wood residues and wastes (held in Cameroon in September 2008) - Promoting further processing of tropical timber (by a case study in Côte d'Ivoire) - National Forum to Strengthen Policies and Opportunities for Forest Investment (to be held in Congo 17-19 Feb 2009)
Adaptation	GoJ (MLIT/GSI)	GSI: Hold a meeting of the International Steering Committee for Global Mapping (ISCGM) and a related event	<ul style="list-style-type: none"> ● A meeting of the "ISCGM" in Tokyo on 4 June, 2008 and "Global Mapping Forum 2008" at United Nations University from 5 to 7 June 2008 were held by inviting Director of Surveys of Kenya and Directeur Direction des Travaux Géographiques et Cartographiques of Senegal, where views and opinions were exchanged on the development, revision and application of Global Map in Africa. [More information]
	GoJ(MLIT/GSI)	MLIT/GSI: Provide technical support for the development and utilization of Global Map	<ul style="list-style-type: none"> ● As of October 20, 2008, Global Map data of 15 countries/one region of Africa have been developed and released through technical assistance of GSI and JICA group training course. ● Global Map-global version (Global Land Cover by National Mapping Organizations (GLCNMO) and Percent Tree Cover), which includes African region, were released on June 5, 2008. ● Promote the utilization of Global Map data in African countries by creating and disseminating utilization examples. [More information1] [More information2]
	GoJ(MLIT)/ICHARM	ICHARM: Technical Support & Capacity Development to reduce flood damages	<ul style="list-style-type: none"> ● ICHARM and Infrastructure Development Institute Japan (IDI) jointly organized the training workshop in collaboration with WMO, to study applicability of the Global Flood Alert System (GFAS) and the Integrated Flood Analysis System (IFAS). Two persons from Ethiopia and Zambia were invited for this workshop. [More information] [More information]
	GoJ(MOFA)/JICA	GoJ(MOFA)/JICA:	<ul style="list-style-type: none"> ● JICA conducted the seminar for protection of tropical forest in Congo Basin in February 2009, inviting directors of relevant organizations from eight countries in central and western Africa.
Education for Sustainable Development (ESD)	GoJ (MEXT)	GoJ (MEXT): Support for the formation of model ESD cooperation activities and the development of things like an ESD curriculum and teaching materials geared for Africa by applying a university's knowledge.	<ul style="list-style-type: none"> ● The following five projects have been chosen for implementation of the International Cooperation Initiative in FY2008. (Since December 2008) - Mozambique: Symposium on developing an environment-ESD model under the collaboration between Mozambique and Japan <Cooperation between the Society, NPOs and Universities in capacity building for global ethics> (Ehime University) - South Africa: Education for Sustainable Development in Primary and Secondary Schools <A South Africa-Japan Collaboration Project to Develop a Learning Module for Classroom Application> (International Christian University) - Tanzania: Development of educational model to promote community medicine based on the concepts of Education for Sustainable Development (Mie University) - Zambia: Development of ESD model unit curriculum and teaching materials in basic education in Sub-Saharan Africa (Hokkaido University of Education) - Zambia: Promotion of ESD on food, nutrition and health through CLCs (community learning centers) (Okayama University) [More information]
