Article 1
Definitions

For the purposes of this Agreement,
(1) The term “investments” means every kind of asset owned or controlled, directly or indirectly, by an investor, which has the characteristics of an investment, such as the commitment of capital or other resources, the expectation of gain or profit, or the assumption of risk, including:

(a) an enterprise and a branch of an enterprise;

(b) shares, stocks or other forms of equity participation in an enterprise, including rights derived therefrom;

(c) bonds, debentures, loans and other forms of debt, including rights derived therefrom:
   (i) where an enterprise which owes such debt is affiliated with the investor; or
   (ii) where the original maturity of such debt is at least 12 months,

but does not include a debt of, regardless of original maturity, a Contracting Party or a state enterprise.

Note: Notwithstanding subparagraph (c):

(A) a loan to or debt instrument issued by a financial institution is an investment only where it is treated as regulatory capital by a Contracting Party in whose Area the financial institution is located; and

(B) a loan granted by or debt instrument owned by a financial institution, other than a loan to or debt instrument of a financial institution referred to in (A), is not an investment;

for greater certainty:

(C) a loan to, or debt instrument issued by, a Contracting Party or a state enterprise thereof is not an investment; and
(D) a loan granted by or debt instrument owned by a cross-border financial service supplier, other than a loan to or debt instrument issued by a financial institution referred to in (A), is an investment if such loan or debt instrument meets the criteria for investments set out elsewhere in this subparagraph.

(d) rights under contracts, including turnkey, construction, management, production or revenue-sharing contracts;

(e) claims to money and to any performance under contract having a financial value;

(f) intellectual property rights, including copy rights and related rights, patent rights and rights relating to utility models, trademarks, industrial designs, layout-designs of integrated circuits, new varieties of plants, trade names, indications of source or geographical indications and undisclosed information;

(g) rights conferred pursuant to laws and regulations or contracts such as concessions, licenses, authorisations and permits, including those for the exploration and exploitation of natural resources; and

(h) any other tangible and intangible, movable and immovable property, and any related property rights, such as leases, mortgages, liens and pledges.

Investments include the amounts yielded by investments, in particular, profit, interest, capital gains, dividends, royalties and fees. A change in the form in which assets are invested does not affect their character as investments;

but investments do not mean,

(i) claims to money that arise solely from:

   (i) commercial contracts for the sale of goods or services by a national or enterprise in the Area of a Contracting Party to an enterprise in the Area of the other Contracting Party; or
(ii) the extension of credit in connection with a commercial transaction, such as trade financing, other than a loan covered by subparagraph (c); nor

(j) any other claims to money,

that do not involve the kinds of interests set out in subparagraphs (a) through (h).

(2) The term “investor of a Contracting Party” means:

(a) a natural person having the nationality of that Contracting Party in accordance with its applicable laws and regulations; or

(b) an enterprise of that Contracting Party, that seeks to make, is making or has made investments in the Area of the other Contracting Party.

Note: It is understood that an investor of a Contracting Party seeks to make investments in the Area of the other Contracting Party only when the investor has taken concrete steps necessary to make investments, such as when the investor has made an application for a permit or license which authorises the establishment of investments.

(3) An enterprise is:

(a) “owned” by an investor if more than 50 percent of the equity interest in it is owned by the investor;

(b) “controlled” by an investor if the investor has the power to name a majority of its directors or otherwise to legally direct its actions; and

(c) “affiliated” with an investor when it controls, or is controlled by, the investor; or when it and the investor are both controlled by the same investor.
(4) The term “an enterprise of a Contracting Party” means any legal person or any other entity duly constituted or organised under the applicable laws and regulations of that Contracting Party, whether or not for profit, and whether private or government owned or controlled, including any corporation, trust, partnership, sole proprietorship, joint venture, association, organisation or company.

(5) The term “investment activities” means establishment, acquisition, expansion, operation, management, maintenance, use, enjoyment and sale or other disposal of investments.

(6) The term “financial institution” means any enterprise that is authorised to do business and regulated or supervised as a financial institution under the law of the Contracting Party in whose Area it is located.

(7) The term “Area” means:

(a) with respect to Japan: (i) the territory of Japan; and (ii) the exclusive economic zone and the continental shelf with respect to which Japan exercises sovereign rights or jurisdiction in accordance with international law; and

(b) with respect to the Republic of Peru: the mainland territory, the islands, the maritime zones, and the air space above them, over which the Republic of Peru exercises sovereignty or sovereign rights and jurisdiction, in accordance with relevant provisions of the Constitution of the Republic of Peru and international law.

Note: Nothing under this paragraph shall affect the rights and obligations of the Contracting Parties under international law.

(9) The term “measure” means any measure which includes any law, regulation, rule, procedure, decision or administrative action.

Note: For greater certainty, in the case of judicial decisions, paragraphs 2 and 4 of Article 18 shall apply.
Article 2

1. This Agreement shall apply to measures adopted or maintained by a Contracting Party relating to:

   (a) investors of the other Contracting Party;

   (b) investments of an investor of the other Contracting Party in the Area of the former Contracting Party existing on the date of entry into force of this Agreement, as well as investments established, acquired or expanded thereafter; and

   (c) with respect to Articles 6 and 26, all investments in the Area of the former Contracting Party.

2. This Agreement shall not apply to claims arising out of events which occurred, or to claims which had been settled, prior to its entry into force.

   Note: For greater certainty, nothing in this Agreement is intended to grant the investors the right to claim under this Agreement for damages suffered prior to its entry into force.

3. In fulfilling the obligation of each Contracting Party under this Agreement, each central government shall take such reasonable measures as may be available to it to ensure the observance of this Agreement by regional or local governments in its Area.

Article 3

2. The treatment accorded by a Contracting Party under paragraph 1 means, with respect to a regional or local government, treatment no less favourable than the most favourable treatment accorded, in like circumstances, by that regional or local government, to investors, and to investments of investors, of the Contracting Party of which it forms a part.
3. Notwithstanding paragraph 1, each Contracting Party may prescribe special formalities in connection with investment activities of investors of the other Contracting Party in its Area, provided that such special formalities do not impair the substance of the rights of such investors under this Agreement.

Article 4
Most Favoured Nation Treatment

1. Each Contracting Party shall in its Area accord to investors of the other Contracting Party and to their investments treatment no less favourable than the treatment it accords in like circumstances to investors of a non-Contracting Party and to their investments with respect to investment activities.

2. It is understood that the treatment referred to in paragraph 1 to be accorded with respect to investment activities does not encompass dispute resolution mechanisms, such as those in Article 18, which are provided for in other international investment treaties or trade agreements.

Article 5
Minimum Standard of Treatment

1. Each Contracting Party shall in its Area accord to investments of investors of the other Contracting Party treatment in accordance with customary international law minimum standard of treatment of aliens, including fair and equitable treatment and full protection and security.

2. For the purpose of paragraph 1, the concept of “fair and equitable treatment” and “full protection and security” do not require treatment in addition to or beyond that which is required by the customary international law minimum standard of treatment of aliens.

Note: “Fair and equitable treatment” includes the obligation of the Contracting Party not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with the principle of due process of law. Each Contracting Party shall accord to investors of the other Contracting Party, non-discriminatory treatment with regard to access to the courts of justice and administrative tribunals and agencies of the former Contracting Party in pursuit and in defence of rights of such investors.
3. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

Article 6
Prohibition of Performance Requirements

1. Neither Contracting Party shall impose or enforce any of the following requirements as a condition for investment activities in its Area of investors of a Contracting Party or of a non-Contracting Party:

(a) to export a given level or percentage of goods or services;

Note: Nothing in subparagraph (f) shall be construed to prevent a Contracting Party, in connection with investment activities in its Area, from imposing or enforcing a requirement or enforcing a commitment to train workers in its Area, provided that such training does not require the transfer of a particular technology, production process or other proprietary knowledge to a person in its Area.

(g) to locate the headquarters of that investor for a specific region or the world market in its Area; or

(h) to supply one or more of the goods that the investor produces or the services that the investor provides to a specific region or the world market, exclusively from the Area of the former Contracting Party.

2. Neither Contracting Party may condition the receipt or continued receipt of an advantage, in connection with investment activities of an investor of a Contracting Party or of a non-Contracting Party in its Area, on compliance with any of the following requirements:

Article 7

3. The compensation shall be paid without delay and shall include interest at a commercially reasonable rate, taking into account the length of time until the time of payment. It shall be effectively realisable and freely transferable and shall be freely convertible into the currency of the Contracting Party of the investors concerned, and into freely usable currencies as defined in the Articles of Agreement of the International Monetary Fund, at the market exchange rate prevailing on the date of expropriation.

Article 18
Settlement of Investment Disputes
between a Contracting Party and an Investor
of the Other Contracting Party

1. For the purposes of this Article, an investment dispute is a dispute between a Contracting Party and an investor of the other Contracting Party that has incurred loss or damage by reason of, or arising out of, an alleged breach of any obligation under this Agreement with respect to the investor of that other Contracting Party or its investments in the Area of the former Contracting Party.

2. Nothing in this Article shall be construed so as to prevent an investor who is a party to an investment dispute (hereinafter referred to in this Article as “disputing investor”) from seeking administrative or judicial settlement within the Area of the Contracting Party that is a party to the investment dispute (hereinafter referred to in this Article as “disputing Party”). However, in the event that the disputing investor has submitted the investment dispute for resolution under one of the international conciliations or arbitrations referred to in paragraph 4, the same investment dispute shall not be submitted for resolution under courts of justice, administrative tribunals or agencies or any other binding dispute settlement mechanism established under the national law.

3. An investment dispute shall, as far as possible, be settled amicably through consultation or negotiation between the disputing investor and the disputing Party (hereinafter referred to in this Article as “the disputing parties”).

4. If the investment dispute cannot be settled through such consultation or negotiation within six months from the date on which the disputing investor requested for the consultation or negotiation in writing and if the disputing investor has not submitted the investment dispute for resolution under courts of justice, administrative tribunals or agencies or any other binding dispute settlement mechanism established under the national law, if any, the disputing investor may submit the investment dispute to one of the following international conciliations or arbitrations:
(a) conciliation or arbitration in accordance with the Convention on the Settlement of Investment Disputes between States and Nationals of Other States, done at Washington, March 18, 1965 (hereinafter referred to in this Article as “ICSID Convention”), so long as the ICSID Convention is in force between the Contracting Parties;

(b) conciliation or arbitration under the Additional Facility Rules of the International Centre for Settlement of Investment Disputes so long as the ICSID Convention is not in force between the Contracting Parties;

(c) arbitration under the Arbitration Rules of the United Nations Commission on International Trade Law; and

(d) if agreed with the disputing Party, any arbitration in accordance with other arbitration rules.

5. The applicable arbitration rules shall govern the arbitration set forth in paragraph 4 except to the extent modified in this Article.

6. The disputing investor who intends to submit the investment dispute to conciliation or arbitration pursuant to paragraph 4 shall give to the disputing Party written notice of intent to do so at least 90 days before the claim is submitted. The notice of intent shall specify:

   (a) the name and address of the disputing investor;

   (b) the specific measures of the disputing Party at issue and a brief summary of the factual and legal basis of the investment dispute sufficient to present the problem clearly, including the obligations under this Agreement alleged to have been breached;

   (c) conciliation or arbitration set forth in paragraph 4 which the disputing investor will choose; and

   (d) the relief sought and the approximate amount of damages claimed.
7. Consultations and negotiations referred to in paragraph 3 shall be requested and the notice of intent referred to in paragraph 6 shall be given to the following competent authorities of the disputing Party.

(a) in case of Japan, Ministry of Foreign Affairs; and

(b) in case of the Republic of Peru, Ministry of Economy and Finance (Ministerio de Economía y Finanzas).

8. (a) Each Contracting Party hereby consents to the submission of investment disputes by a disputing investor to conciliation or arbitration set forth in paragraph 4 chosen by the disputing investor.

(b) The consent given by subparagraph (a) and the submission by a disputing investor of a claim to arbitration shall satisfy the requirements of:

(i) Chapter II of the ICSID Convention or the Additional Facility Rules of the International Centre for Settlement of Investment Disputes for written consent of the parties to a dispute; and

(ii) Article II of the Convention on the Recognition and Enforcement of Foreign Arbitral Awards (hereinafter referred to as “New York Convention”) for an agreement in writing.

9. Notwithstanding paragraph 8, no claim may be submitted to conciliation or arbitration set forth in paragraph 4, if more than three years have elapsed since the date on which the disputing investor acquired or should have first acquired, whichever is the earlier, the knowledge that the disputing investor had incurred loss or damage referred to in paragraph 1.

10. Notwithstanding paragraph 4, the disputing investor may initiate or continue an action that seeks interim injunctive relief that does not involve the payment of damages before an administrative tribunal or agency or a court of justice under the law of the disputing Party.
11. Unless the disputing parties agree otherwise, an arbitral tribunal established under paragraph 4 shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties. If the disputing investor or the disputing Party fails to appoint an arbitrator or arbitrators within 60 days from the date on which the investment dispute was submitted to arbitration, the Secretary-General of the International Centre for Settlement of Investment Disputes (hereinafter referred to in this Article as “ICSID”), may be requested by either of the disputing parties, to appoint the arbitrator or arbitrators not yet appointed from the ICSID Panel of Arbitrators subject to the requirements of paragraphs 12 and 13.

12. Unless the disputing parties agree otherwise, the third arbitrator shall not be a national of either Contracting Party, nor have his or her usual place of residence in the territory of either Contracting Party, nor be employed by either of the disputing parties, nor have dealt with the investment dispute in any capacity.

13. In the case of arbitration referred to in paragraph 4, each of the disputing parties may indicate up to three nationalities, the appointment of arbitrators of which is unacceptable to it. In this event, the Secretary-General of the ICSID may be requested not to appoint as arbitrator any person whose nationality is indicated by either of the disputing parties.

14. Unless the disputing parties agree otherwise, the arbitration shall be held in a country that is a party to the New York Convention.

15. An arbitral tribunal established under paragraph 4 shall decide the issues in dispute in accordance with this Agreement and applicable rules of international law.

16. The disputing Party shall deliver to the other Contracting Party:

   (a) written notice of the claim submitted to the arbitration no later than 30 days after the date on which the claim was submitted; and

   (b) copies of all pleadings filed in the arbitration.

17. The Contracting Party which is not the disputing Party may make submissions to the arbitral tribunal on a question of interpretation of this Agreement, upon written notice to the disputing parties.
18. The arbitral tribunal may order an interim measure of protection to preserve the rights of the disputing investor, or to facilitate the conduct of arbitral proceedings, including an order to preserve evidence in the possession or control of either of the disputing parties. The arbitral tribunal shall not order attachment or enjoin the application of the measure alleged to constitute a breach referred to in paragraph 1.

19. The award rendered by the arbitral tribunal shall include:

   (a) a judgment whether or not there has been a breach by the disputing Party of any obligation under this Agreement with respect to the disputing investor and its investments; and

   (b) a remedy if there has been such breach. The remedy shall be limited to one or both of the following:

      (i) payment of monetary damages and applicable interest; and

      (ii) restitution of property, in which case the award shall provide that the disputing Party may pay monetary damages and any applicable interest in lieu of restitution.

20. The award rendered in accordance with paragraph 19 shall be final and binding upon the disputing parties. The disputing Party shall carry out without delay the provisions of the award and provide in its Area for the enforcement of the award in accordance with its relevant laws and regulations.

21. Neither Contracting Party shall give diplomatic protection, or bring an international claim, in respect of an investment dispute which the other Contracting Party and an investor of the former Contracting Party have consented to submit or submitted to arbitration set forth in paragraph 4, unless the other Contracting Party shall have failed to abide by and comply with the award rendered in such investment dispute. Diplomatic protection, for the purposes of this paragraph, shall not include informal diplomatic exchanges for the sole purpose of facilitating a settlement of the investment dispute.

22. The assumption of expenses incurred by the disputing parties in the arbitration or conciliation shall be established:
(a) in case of subparagraph 4(a) and (b), by the arbitration or conciliation institution which the dispute has been submitted to, according to its rules of procedure for arbitration or conciliation proceedings;

(b) in case of subparagraph 4(c), in accordance with the rules of procedure for arbitration proceedings chosen by the disputing investor, where applicable; or

(c) in case of subparagraph 4(d), in accordance with any rules of procedure, or in the absence of such rules, in accordance with the agreement of the disputing parties.

Article 19
General and Security Exceptions

1. Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination against the other Contracting Party, or a disguised restriction on investments of investors of the other Contracting Party in the Area of a Contracting Party, nothing in this Agreement other than Article 14 shall be construed to prevent a Contracting Party from adopting or enforcing measures:

   (a) necessary to protect human, animal or plant life or health;

   (b) necessary to protect public morals or to maintain public order;

   Note: The public order exception may be invoked only where a genuine and sufficiently serious threat is posed to one of the fundamental interests of society.

   (c) necessary to secure compliance with the laws or regulations which are not inconsistent with the provisions of this Agreement including those relating to:

      (i) the prevention of deceptive and fraudulent practices or to deal with the effects of a default on contract;

3. The Contracting Parties shall give due consideration to the adequate and effective protection of intellectual property rights and shall promptly consult with each other for this purpose at the request of either Contracting Party.
